- Executive Members of YOSI
- Trade PWG Team
- Thanks to Evaluators
- International Guest Speakers
- Invited Speakers
- Dronacharya Awardees
- YOSI International Rising Awardees
- YOSI Starlight Awardees
- YO of the Year Awards- Finalists
- FLA Batch
- Trade Partners
- Job and Fellowship Carnival Partner Institutes
- Program Book Overview
- Scientific Session
 - 1. Masterclass
 - 2. International Sessions
 - 3. Lunch Symposium
 - 4. Instruction Course
 - 5. Academic Sessions
 - 6. Workshops
 - 7. Cultural and Awards Events
 - 8. Competitive Sessions
 - 9. Safe Stage
 - 10. Job and Fellowship Carnival

Message from the President

A Vision Realized on a Global Stage

Dear Esteemed Colleagues and Friends,

It is with immense pride and profound joy that I welcome you to Yosicon 2026. As we gather from the 10th to the 12th of July 2026, we are not just attending another annual conference; we are stepping into a historic milestone for our fraternity.

This year, Yosicon has evolved into a truly global phenomenon. We are thrilled to host an unprecedented gathering of over 2,000 delegates, including 200 international peers who have traveled from across the world to share their expertise. This massive turnout is a testament to the growing prestige of our society and the unwavering dedication of our members to advancing our field. It reflects our collective desire to push boundaries, challenge existing paradigms, and collaborate across borders.

Our vision for Yosicon 2026 was to create an ecosystem of innovation rather than just a meeting. The sheer scale of what you are about to experience over these three days represents the pinnacle of shared knowledge and international camaraderie. Every session you attend, every conversation you strike up in the corridors, and every new technique you observe is a step toward elevating the standard of care we provide to our patients.

I want to extend my deepest gratitude to the organizing committee, whose tireless efforts have brought this mammoth vision to life. To our delegates, both domestic and international, thank you for your enthusiasm and commitment. I urge you to immerse yourselves fully in the experience, forge new friendships, and return home inspired.

Welcome to Yosicon 2026. Let us make these three days truly unforgettable.

Dr. Diva Kant Misra
President

Message from the Immediate Past President

Dear ophthalmologist leaders of tomorrow ,

YOSI is now a teenager & I have known YOSI actively since its infancy . I was one of the first members of YOSI FACEBOOK group at time of its inception in 2014 & one of the first contributors to YO Times first edition . Then I was editorial board member also of several issues of YO Times. The massive growth of the organisation has been a result of hard work of so many people. For me personally, To be the organising President of first ever YOSI CON 2024 was a proud moment. The journey of my personal life & growth and my time with YOSI has been quite a roller coaster ride . I am so grateful to Dr Diva Kant for continuing the legacy of presidential working groups started by me and expanding them so much .

Due to health reasons, I could not come for the second YOSICon which was very grand but witnessing the preparations of this third one, I know that it will be even more successful than the previous two conferences. The dynamic duo secretary Dr Nilesh & joint secy Dr Prasanna have been making Herculean efforts for the YOSI COMMUNITY & 3rd YOSICON. President Dr. Diva Kant Misra's astute guidance coupled with Dr Aditya's financial stewardship is shaping things in a proper manner for not just YOSICon but for YOSI as a society too. Executives and PWG (presidential working groups) have lost sleep to create marvelous sessions for your enhanced learning experience. Dr. Nupur Dr Sunandini dr lipi Dr Anujeet dr Pranessh are just a few of the names that come to my mind for the meticulous organisation work that they have doing in YOSI and for YOSICon also. Additionally Dr Digvijay Sir's guidance is always a boost to our program.

I sincerely hope that The generous mentors of AIOS who supported us in a splendid manner will continue to bless our conference with their presence and support our endeavours.

The Young Ophthalmologists Society of India is not a sapling anymore. It's a young tree now, destined to grow taller, give shade, and yield fruits for every member who dedicates time to its endeavours.

My best wishes to this team & All YOSI members !

Dr. Sonal Kalia
Immediate Past President

Message from the Vice President

Empowering the Next Generation of Leaders

Dear Friends and Future Leaders,

Welcome to Yosicon 2026! While a conference of this magnitude is undeniably about scientific excellence and global collaboration, it is equally about people. It is about community, mentorship, and building the future of our profession. As Vice President, my focus has always been on how our society can actively nurture the careers and aspirations of our younger colleagues and practitioners.

This year, I am exceptionally excited to highlight one of our most vital new additions: the Job and Fellowship Mela. With over 2,000 delegates converging under one roof—including leaders from premier national and international institutions—we recognized a unique opportunity to connect talent with opportunity. The Job and Fellowship Mela is designed to be a dynamic, interactive platform where young surgeons, researchers, and clinicians can meet directly with program directors and institutional heads. Whether you are seeking a highly specialized international fellowship, looking to recruit top-tier talent for your department, or exploring new career avenues, this Mela is your ultimate networking hub.

Yosicon 2026 is built to be a springboard for your career. I encourage our young delegates to be bold: ask questions, introduce yourselves to our 200 visiting international experts, and actively participate in the discussions. The connections you make between the 10th and 12th of July could very well shape the trajectory of your professional life.

We are not just sharing science this weekend; we are building a stronger, more connected, and highly empowered medical community. I look forward to meeting many of you in person and hearing about your aspirations. Have a fantastic and fruitful conference!

Dr. Karan Bhatia
Vice President

Message from the Secretary

Unprecedented Scale, Uncompromised Science

Greetings to all Delegates,

As the Secretary of our esteemed society, it is my absolute privilege to present the academic and scientific framework of Yosicon 2026. When we began planning for this congress, our mandate was clear: to design a program that is as exhaustive as it is engaging, catering to the diverse and highly specialized needs of our growing community.

I am incredibly proud to say that we have achieved a scale never seen before in our history. Over the course of the 10th, 11th, and 12th of July, our academic deliberations will be spread across 13 concurrent scientific halls. This massive expansion ensures that every sub-specialty, every emerging trend, and every nuanced debate receives the dedicated time and focus it deserves. We have curated a high-yield scientific program driven by data, innovation, and clinical excellence.

Beyond the lectures and panel discussions, we are thrilled to introduce intensive, hands-on learning through our newly established Wet Lab. This initiative bridges the gap between theoretical knowledge and practical surgical execution, allowing delegates to refine their skills under the direct guidance of master clinicians. Furthermore, we are debuting several other new academic initiatives designed to foster interactive and case-based learning, moving away from traditional didactic teaching.

Orchestrating an event of this magnitude—balancing the schedules of thousands of attendees and hundreds of esteemed faculty—has been a monumental task. I must thank our scientific committee for their rigorous vetting and brilliant curation.

Prepare for an intellectually stimulating, rigorous, and deeply rewarding experience. Welcome to the ultimate scientific celebration at Yosicon 2026!

Dr. Nilesh Kumar
Secretary

Message from the Treasurer

Delivering Unmatched Value and Innovation

Dear Respected Members and Delegates,

Welcome to what promises to be our most spectacular gathering yet—Yosicon 2026. Behind every great academic and clinical extravaganza lies a foundation of meticulous planning, resource allocation, and fiscal responsibility. As your Treasurer, my primary goal has been to ensure that the massive expansion of this year's congress translates directly into unparalleled value for every single attendee.

Scaling an event to host 2,000 delegates, including 200 international guests, while simultaneously running 13 scientific halls is no small feat. However, through strategic partnerships, transparent management, and the overwhelming support of our industry sponsors, we have been able to deliver a world-class experience without compromising on quality.

This year, we have heavily invested in pioneering new initiatives that directly benefit you. The state-of-the-art Wet Lab, the expansive Job and Fellowship Mela, and the seamless integration of digital technologies across all 13 halls are direct results of robust financial planning and our commitment to reinvesting in our members. We wanted to ensure that your time and resources spent joining us from the 10th to the 12th of July yield the highest possible return in knowledge, skills, and networking.

I would like to express my sincere gratitude to our trade partners and sponsors for their faith in our vision, and to the organizing committee for their prudent execution of our ambitious plans. Most importantly, I thank you, the delegates. Your enthusiastic participation and trust are the true economic engines that drive this society forward.

Enjoy the outstanding facilities, the rich academic feast, and the grand hospitality we have prepared for you. Welcome to a bigger, better, and bolder Yosicon!

Dr. Aditya Sethi
Treasurer

Message from the Joint Secretary

Dear Seniors, Colleagues, and Fellow YOs,

With great pride and gratitude, I reflect on my journey as Joint Secretary of YOSI for International YOSICON 2026. What began as a vision to create opportunities for young ophthalmologists has grown into a platform that fosters learning, collaboration, mentorship, and inspiration.

I have been privileged to work alongside an outstanding Governing Council. Dr. Diva Kant Misra, President - YOSI, provided visionary leadership and encouraged us to pursue ambitious goals. Dr. Sonal Kalia, Immediate Past President - YOSI, has been a constant source of wisdom and encouragement. Dr. Karan Bhatia, Vice President and Incoming President - YOSI, contributed invaluable strategic insight and thoughtful guidance. Dr. Nilesh Kumar, Secretary - YOSI, ensured seamless coordination of the many operational aspects of the conference, while Dr. Aditya Sethi, Treasurer - YOSI, provided exemplary financial stewardship. Equally important were the contributions of the Presidential Working Groups, Scientific Core Committee, International Core Committee, Executive Members, and numerous volunteers whose dedication helped shape every aspect of International YOSICON 2026.

My journey within YOSI has been enriched by opportunities to contribute through academic initiatives, educational programs, international collaborations, organizational development, and global networking. From facilitating knowledge-sharing platforms and fostering international partnerships to supporting mentorship and professional development, each experience reinforced my belief in the power of collaboration. These achievements are not individual accomplishments but the result of a shared vision and collective commitment. Through sustained global engagement, we achieved a threefold increase in international faculty participation and more than doubled international representation, significantly enhancing YOSICON's global reach and impact.

Together, these efforts have strengthened YOSICON's position as a truly international forum for academic exchange, leadership development, innovation, mentorship, and professional networking. I remain deeply grateful to our mentors, colleagues, organizing team, and the entire YOSI family whose trust, guidance, and teamwork made this journey possible.

Let us make International YOSICON 2026 not just another meeting, but a memory we will all look back on with pride.

Warm Regards,

Dr. Prasanna Venkatesh Ramesh

Joint Secretary, YOSI

Lead International Coordinator, International YOSICON 2026

Message from the LOC Chairman

Dear Friends and seniors,

It gives me immense pleasure to welcome all of you to New Delhi for the 3rd Annual YOSICON being held at Hotel Pullman, Aerocity, New Delhi. The organising team has worked hard to ensure this YOSICON is held at a fantastic location with excellent standards both in terms of the venue, logistics as well as the scientific sessions. We have over 2000 Indian and 200 international delegates who are attending this conference apart from several hundred trade partners.

Apart from the multitude of scientific and competitive sessions, there are many firsts in this meeting including a silent hall, expanded wet labs, and new trade initiatives such as the great Indian bazaar. I also hope you enjoy the extra-academic activities including the YO night.

New Delhi is a city drenched in history and has many beautiful monuments and tourist spots to visit in your free time. Known for its delicacies, Old Delhi is just a short ride from the conference venue and would be an amazing place to tantalise your taste buds. The organising team would be happy to guide you on your itinerary during the trip to the city.

YOSI is a society for the YO's by the YO's and has achieved tremendously so far. Being a founder office bearer and past president, it gives me a sense of pride to see the society under its current leadership execute this landmark YOSICON 2026.

With folded hands, I welcome all of you to be a part of YOSICON 2026 and ensure it is a wondrous success.

Dr. Digvijay Singh
LOC Chairman

Know Your Incoming President

A dynamic surgeon, educator, innovator and leader, Dr. Karan Bhatia has been one of the driving forces behind the transformation of YOSI into one of India's most vibrant and globally connected young ophthalmic organizations.

A proud alumnus of Aravind Eye Hospital, Puducherry; Regional Institute of Ophthalmology (Sitapur Eye Hospital), Sitapur; and M. M. Joshi Eye Institute, Hubballi, he combines the values of academic excellence, surgical precision, innovation and mentorship in his professional journey.

Leadership Journey

- Part of the core team that led the revival and transformation of YOSI in 2018, helping shape its vision and rapid national growth.
- Joint Secretary, YOSI (2019–2022) – Expanded academic initiatives and strengthened engagement with young ophthalmologists across the country, keeping the community united and learning during the enduring times of COVID-19.
- General Secretary, YOSI (2022–2024) – Successfully organized YOSICON 2024, the first independent annual conference of YOSI, alongside President Dr. Sonal Kalia, creating a landmark chapter in the society's history.
- Vice President, YOSI (2024–2026) – Instrumental in taking YOSI and YOSICON to a global stage with innovative academic formats and unprecedented international participation.

Transforming YOSI

- One of the *key architects behind several flagship YOSI initiatives and strategic decisions that have shaped the organization.
- Initiated the landmark collaboration with the Eye Foundation of America, and for the first time at a global event, successfully brought International Senior Surgeons to speak directly to YOSI members.
- Conceptualized and launched "Ophthalmic Wars", one of YOSI's most popular and interactive academic sessions.
- Founder-Editor-in-Chief of "YO Tube", the official YouTube channel of YOSI, envisioned as a video journal where peer-selected surgical videos are showcased and archived—the first initiative of its kind by an ophthalmic society in India. Today, the platform hosts 458 videos and 7,900+ subscribers.
- Planned and conducted various editions of AIOS–YOSI Forum, YO Pavilion at AIOC, and YOSICON 2024, creating new learning opportunities for young ophthalmologists.
- Played a pivotal role in bringing structured industry partnerships and fundraising to YOSI for the first time, making YOSI financially self-dependent, establishing a sustainable financial model that enabled the successful execution and future growth of YOSICON.

Surgeon, Teacher & Innovator

- Cornea, Cataract & Refractive Surgeon with experience of 30,000+ cataract surgeries and 1,500+ corneal transplants, specializing in complex anterior segment surgery.
- Developer of the MYX Technique for scleral-fixated intraocular lens implantation, recognized with the AIOS IJO Silver Award.
- APAO Rising Stars Programme Alumnus and recipient of numerous national and international awards, including the AAO Rotary Club Host Project, AIOS International Heroes Award, IIRSI Best Video Award, and multiple surgical innovation honours.
- A passionate mentor who has trained hundreds of residents, fellows and young consultants through wet labs, surgical skill transfer courses, workshops and online educational platforms.

His Vision

Dr. Karan Bhatia envisions a globally connected, academically vibrant and innovation-driven YOSI, where every young ophthalmologist has access to mentorship, leadership opportunities, international collaborations and cutting-edge education.

A firm believer that leadership is about creating leaders, his goal is to ensure that YOSI continues to inspire, empower and unite the next generation of ophthalmologists across India and beyond.

Dr. Karan Bhatia
President 2027-2028

Message from Dr. Jeevan S. Titiyal

President, AIOS

Leading the Future of Indian Ophthalmology

Dear Young Colleagues and Friends,

It brings me immense joy and a profound sense of pride to extend my warmest greetings to all the attendees, faculty, and organizers of YOSICON 2026. As the President of the All India Ophthalmological Society, witnessing the extraordinary growth and dynamic evolution of the Young Ophthalmologists Society of India fills me with great optimism for the future of our medical fraternity.

The youth are the backbone of any progressive society. In the rapidly advancing and technologically driven field of ophthalmology, you are our torchbearers. This year's YOSICON, anticipated to host over 2,000 delegates—including 200 international peers—across 13 concurrent scientific halls, is nothing short of a monumental achievement. It is a true reflection of the vibrant energy, ambition, and global outlook that defines our young Indian practitioners today.

As you gather in New Delhi from the 10th to the 12th of July, I urge you to look beyond the immediate horizon of surgical technique and textbook knowledge. Use this congress to cultivate leadership, embrace compassionate patient care, and align your professional trajectory with our broader national mission of eradicating preventable blindness. The transition from a young ophthalmologist to a visionary leader requires continuous learning, empathy, and collaboration.

I am particularly delighted to see pragmatic initiatives like the Job and Fellowship Mela and the hands-on Wet Lab seamlessly integrated into the program. These platforms will undeniably bridge the critical gap between aspiration and opportunity, allowing you to chart a definitive course for your careers.

The future of Indian ophthalmology rests in your capable hands. Take full advantage of this massive platform to forge lifelong friendships, seek out mentors, and challenge the status quo. I commend the YOSI leadership and the entire organizing committee for orchestrating an event of such unprecedented scale.

Wishing you a highly successful, stimulating, and memorable YOSICON 2026!

With warm regards,

Dr. Jeevan S. Titiyal
President, AIOS

Message from Dr. Santosh G. Honavar

Honorary General Secretary, AIOS

Dear YOSI Members and Delegates,

It is a pleasure to welcome you to YOSICON 2026, one of the most vibrant and inspiring gatherings of young ophthalmologists anywhere in the world. As Honorary General Secretary of the All India Ophthalmological Society, I firmly believe that the future of ophthalmology rests in the hands of talented young professionals who combine academic excellence with innovation, leadership, collaboration, and service. YOSI has emerged as a shining example of that vision.

Over the past decade, YOSI has grown into a remarkable movement that has transformed learning, mentorship, networking, and leadership opportunities for young ophthalmologists across India. Founded through the vision of Dr. Tarun Arora and Dr. Vijay Sharma, YOSI has flourished through the dedication of its leaders, volunteers, and members, earning recognition as one of the most influential young ophthalmologist organizations in the world.

The scale and ambition of YOSICON 2026 – with nearly 2,000 delegates, an outstanding scientific program, international participation, hands-on learning opportunities, and career-development initiatives – reflect the energy, commitment, and organizational excellence of the YOSI fraternity.

I congratulate and thank the entire YOSI leadership, particularly Dr. Diva Kant Misra, President; Dr. Sonal Kalia, Immediate Past President; Dr. Karan Bhatia, Vice President; Dr. Nilesh Kumar, Secretary; Dr. Aditya Sethi, Treasurer; and Dr. Prasanna Venkatesh Ramesh, Joint Secretary, along with the Executive Members, State Coordinators, Working Group Leaders, volunteers, and technology teams whose tireless efforts continue to strengthen and expand YOSI's impact.

What makes YOSICON truly special is its commitment to nurturing the complete ophthalmologist. Alongside an excellent scientific program, initiatives such as the Job and Fellowship Mela, mentorship opportunities, leadership-development programs, and international collaborations help young ophthalmologists build successful and fulfilling careers.

I encourage every delegate to participate actively, learn generously, share openly, and build lasting professional friendships. The connections you make and the ideas you exchange here may shape your career and contribute to the future of our profession.

My warmest congratulations to the Organizing Committee and the entire YOSI family for creating a conference that celebrates excellence, innovation, leadership, and camaraderie. YOSICON 2026 is more than a conference – it is a celebration of a community that is shaping the future of ophthalmology.

I wish YOSICON 2026 every success and hope it inspires new ideas, meaningful collaborations, and lifelong friendships that will advance eye care in India and beyond.

With warm regards,

Dr. Santosh G. Honavar

Honorary General Secretary

All India Ophthalmological Society (AIOS)

Message from Dr. Namrata Sharma

Chairperson Scientific Committee, AIOS

A New Paradigm in Scientific Engagement

Dear Young Ophthalmologists,

As the Chairperson of the Scientific Committee for the All India Ophthalmological Society, it is my absolute privilege to welcome you to the academic extravaganza that is YOSICON 2026. A scientific program is the beating heart of any medical congress, and this year, YOSICON has crafted a truly spectacular academic feast.

The expansion to 13 concurrent scientific halls is a bold and necessary step. Ophthalmology is advancing at breakneck speed, with artificial intelligence, gene therapy, and novel surgical techniques fundamentally altering our practice. To adequately cover these diverse sub-specialties, emerging trends, and complex clinical scenarios, a massive and intricately woven scientific schedule is essential. The organizers have curated a high-yield program that perfectly balances evidence-based medicine with cutting-edge innovation.

What excites me most about YOSICON 2026 is its departure from purely didactic lectures. As young, dynamic learners, your educational needs are interactive and practical. The inclusion of the Wet Lab is a testament to this philosophy. Surgical mastery cannot be achieved through observation alone; it requires tactile feedback, repetition, and expert guidance. The hands-on training provided here will directly translate into improved surgical outcomes for your patients.

Additionally, the robust international participation of 200 global delegates ensures a healthy cross-pollination of ideas. It allows you to benchmark your knowledge against global standards and adopt best practices from around the world. I strongly encourage you to participate enthusiastically in the free papers, case presentations, and surgical video sessions. Challenge the established norms, ask difficult questions, and let your scientific curiosity lead the way.

Kudos to the scientific and organizing committees of YOSI for conceptualizing a rigorous, modern, and highly relevant academic program. Wishing you three days of unparalleled learning and clinical enlightenment!

With warm regards,

Dr. Namrata Sharma

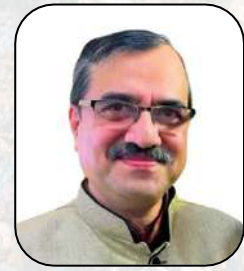

Chairperson Scientific Committee, AIOS

Message from Dr. Manoj C. Mathur

Treasurer, AIOS

Investing in Skills, Delivering Tangible Value

Dear Delegates and Future Leaders,

Welcome to YOSICON 2026! As the Honorary Treasurer of the All India Ophthalmological Society, I approach medical conferences through the lens of value creation, resource optimization, and sustainable growth. I am incredibly impressed by what the organizing committee of YOSICON has managed to achieve this year.

Hosting a mega-event of this magnitude—bringing together 2,000 delegates, international speakers, and running 13 parallel scientific halls—demands not just academic vision, but immense fiscal discipline and strategic planning. The YOSI leadership has demonstrated remarkable acumen in scaling this conference to unprecedented heights while ensuring that it remains accessible, inclusive, and highly rewarding for young practitioners.

True value in a medical conference is generated when the time and resources invested by the delegates yield tangible, long-term dividends. YOSICON 2026 is doing exactly that by heavily investing in pragmatic, skill-enhancing initiatives. The state-of-the-art Wet Lab provides invaluable hands-on surgical experience, a crucial stepping stone for early-career surgeons that is often difficult to access outside of formal training. Similarly, the innovative Job and Fellowship Mela represents a direct investment in the human capital of our profession, providing immediate, real-world career opportunities.

By effectively partnering with the industry and optimizing their resources, the organizers have curated an environment where innovation thrives without compromising on quality. This level of execution sets a new benchmark for how youth-focused academic events should be managed in our country.

I would like to extend my deepest appreciation to the sponsors and trade partners who have supported this grand vision, and to the organizing committee for their prudent and transparent execution. I wish all the delegates a highly enriching experience. Maximize your time, build your networks, and return to your practices enriched and empowered.

With warm regards,

Dr. Manoj C. Mathur
Honorary Treasurer, AIOS

Message from Dr. Krishna Prasad Kudlu

Editor-Proceedings, AIOS

Global Footprints and the Flag Bearers of Tomorrow

Dear Friends and Future Leaders,

It is with absolute delight that I welcome you to YOSICON 2026. As Editor of Proceedings for AIOS, I am tasked with documenting the milestones of our society, and let me assure you: what is happening from the 10th to the 12th of July is a historic milestone.

The Young Ophthalmologists Society of India has grown exponentially, and this year's congregation of 2,000 delegates is a powerful testament to that energy. But what truly fills me with pride is witnessing the massive expansion of YOSI's footprint globally. The presence of 200 international delegates and, most notably, the strategic association of YOSI with MEOM (Middle East Ophthalmic Meeting), showcases that our young Indian ophthalmologists are no longer just participating in the global dialogue—they are leading it.

You are, without a doubt, the flag bearers for the future of Indian ophthalmology. The innovations you champion today, the connections you build at the Job and Fellowship Mela, and the skills you hone in the Wet Labs and across the 13 scientific halls will define the standard of eye care globally for decades to come.

I must share a personal truth with you: while my generation brings years of clinical experience, I constantly find that I learn as much from your vibrant, technology-driven, and fearless approaches as you might learn from me. Your enthusiasm is contagious, and your ability to adapt to new paradigms is exactly what our profession needs to keep moving forward.

Congratulations to the organizing team for executing this colossal vision. Embrace this global platform, build lasting collaborations, and continue to make us proud on the world stage. Have a spectacular YOSICON 2026!

With warm regards,

Dr. Krishna Prasad Kudlu
Editor-Proceedings, AIOS

Message from Prof. Dr. M Vanathi

The vision of Clinical Excellence and Research Publishing

Dear Young Colleagues and Friends,

As the Editor of the Indian Journal of Ophthalmology, it is indeed my pleasure to welcome you to YOSICON 2026, July 10-12, 2026 on behalf of the YOSICON 2026 organizing team.

Witnessing the evolving career paths of young ophthalmologists of India prompts me to provide some thoughtful insights to enhance their goals and achievements. A robust assembly of their scientific deliberations for this conference is heartening to witness with a forthcoming expectation of this incubator maturing into meaningful research and useful publications.

The path to transforming clinical performance into research excellence remains challenging and it is this that the young ophthalmologists must learn to master and nurture in the right spirit of academic integrity. The path is a tedious one and one must be prepared to tread the extra mile to establish visibility in clinical and translational research. Research performance conforming to the principles of academic integrity is the need of the hour. There is an overwhelming need for young ophthalmologists to learn these principles and abide by them in order to let their clinical excellence shine and transform into research excellence.

The comprehensive scientific program curated for the 10th to 12th of July is an enriching assembly of innovative techniques, challenging case discussions, and emerging trends. I strongly urge our young ophthalmologists not to miss these discussions and get further enlightened by attending these sessions and making good use of their conference time.

Indian journal of ophthalmology is on its path to the 75th volume next year and hopes to see some of the vibrant clinical research adorn the pages of its platinum volume. The future of evidence-based ophthalmology in India will seek the good wisdom and support teamed with good ethical principles if you want the world to regard and respect the contributions of Indian Ophthalmic Research.

I congratulate the YOSI leadership on conceptualizing a mega-event that seamlessly blends clinical training, career advancement through the Job and Fellowship Mela, and robust scientific discourse.

May YOSICON 2026 inspire you not only to learn but also to nurture the future of Indian ophthalmology.

Wishing you a highly enriching and inspiring conference!

With warm regards,

Prof. Dr. M Vanathi
Editor-IJO, AIOS

Message from Dr. Prashant Keshao Bawankule

Fostering a Culture of Innovation and Continuous Learning

Dear YOSI Members and Delegates,

Welcome to the grand academic feast of YOSICON 2026! As Chairman of the Academic and Research Committee of the All India Ophthalmological Society, my primary mission is to ensure that the pursuit of knowledge in our fraternity remains rigorous, accessible, and aligned with global standards. Observing the monumental scale and thoughtful design of this year's congress, I am immensely proud of what the Young Ophthalmologists Society of India has achieved.

To successfully orchestrate an event featuring 13 parallel scientific halls and host 2,000 delegates is a massive logistical and academic triumph. What truly stands out, however, is the pragmatic approach to skill transfer. The integration of a state-of-the-art Wet Lab bridges the crucial gap between theoretical knowledge and surgical dexterity. For a young surgeon, this hands-on experience under the mentorship of master clinicians is invaluable. Furthermore, the Job and Fellowship Mela represent a brilliant, structured pathway to guide your academic careers and sub-specialty training.

The presence of 200 international delegates elevates this conference to a global platform. In medicine, innovation thrives on diversity. This dynamic convergence of minds allows for the rapid exchange of novel ideas, alternative surgical approaches, and collaborative research methodologies. I encourage you to leverage this environment fully. Question established paradigms, engage deeply in panel discussions, and utilize this platform to find mentors who can guide your research aspirations.

The Academic and Research Committee stands firmly behind initiatives that empower our youth. The organizing committee has set a remarkable new benchmark for scientific symposiums in India. I wish every delegate a transformative learning experience over these three days. Absorb, innovate, and lead!

With warm regards,

Dr. Prashant Keshao Bawankule
Chairman ARC, AIOS

Budding Ophthalmologists, Fellowship Navigator: International Edition, Fellowship Navigator 2.0

Dear YOSI Members and Delegates,

On behalf of the Budding Ophthalmologists (BOs) and Fellowship Navigator Teams, we are delighted to welcome you to the 3rd Annual YOSIcon, 2026.

As young ophthalmologists embark on diverse career pathways, informed decisions and the right opportunities become the foundation of future success. YOSIcon represents our commitment to providing a comprehensive, accessible, and updated roadmap to various opportunities across India, empowering residents and young consultants to make confident career choices.

Over the next three days, immerse yourself in a dynamic blend of academics, innovation, leadership, networking, and cultural celebrations. YOSIcon 2026 promises not only enriching scientific discussions but also unforgettable moments of camaraderie and inspiration.

Budding Ophthalmologists:
Dr. Ankit Gupta, Dr. Arshi Singh, Dr. Tushar Agrawal, Dr. Nandita Trivedi, Dr. Sameer Chaudhary and Dr. Shashwat Singh.

Team Fellowship Navigator: Dr. Lipi Mittal, Dr. Niranjana Karthik, Dr. Gunjan Buddhiraja, Dr. Rakhi D Cruz, Dr. Abhijay Luthra and Dr. Arnav Singh Saroya

We hope this conference ignites new aspirations, fosters meaningful connections, and helps shape the next chapter of your professional journey.

Welcome to YOSICon 2026—where learning meets opportunity and aspirations become achievements.

Dr. Arshi Singh
Glaucoma Sessions

It gives me immense pleasure to welcome you to YOSICon 2026, New Delhi. On behalf of the Glaucoma Focus Team, I invite you to make the most of the exciting glaucoma sessions, interactive instruction courses, and hands-on wet labs curated especially for young ophthalmologists.

Glaucoma remains one of the most dynamic and evolving subspecialties in ophthalmology, and we hope these sessions provide valuable insights, practical skills, and meaningful discussions that enhance your clinical practice and academic journey.

May this conference inspire new ideas, foster collaborations, and strengthen your passion for lifelong learning. We look forward to learning, sharing, and growing together over the next three days.

Ocular Emergency &
Trauma

Welcome to YOSICON 2026, New Delhi. On behalf of the Ocular Emergency & Trauma Team, I am delighted to welcome you to this vibrant gathering of young ophthalmologists. Let us learn, collaborate, and innovate together while advancing excellence in emergency and trauma care, fostering knowledge, skills, and lasting professional connections.

Dr. Aarti Heda, Dr.
Deepanshu
Agrawal, Dr.
Koushik Tripathy,
Dr. Prasanna V
Ramesh, Dr.
Anujeet Paul

Dr Kartikey Singh

From a small spark to a global powerhouse, YOSICON 2026 has officially blown up into the ultimate playground for young ophthalmologists everywhere! It's morphed into this massive, unmatched platform where the brightest global minds collide, swap game-changing ideas, and crush it on the big stage. There's literally nothing else quite like it!

Dr. Koushik Tripathy
Medicolegal

The expectations from ophthalmic surgeons are increasing, as are the costs of ophthalmic surgery and investigations. Currently, the Consumer Protection Act 2019 also applies to ophthalmologists. Legal cases and legal notices are against ophthalmologists and are increasing day by day. Thus, knowledge of medicolegal issues and practice within the medical-legal safety net is very important.

Dr. Koushik Tripathy, Dr. Aarti Heda, Dr. Deepanshu Agrawal, Dr. Piyali Konar

We, the Medicolegal Presidential Working Group of the Young Ophthalmologists Society of India (YOSI), have been conducting webinars regularly on various important subjects in medicolegal issues, which are available on the YouTube channel of YOSI (<https://www.youtube.com/@YoTubeYOtube>). The YOSI, in association with Policybazaar, also provides medical indemnity insurance at a very discounted price to all its members. Please be medicolegally prepared; preparedness is crucial to the safety of your practice.

Dr. Kelini Saolapurkar
Thesis Wet Lab session

A stage for one, A stage for all! YOSICON is here to call! Whether a budding ophthalmologist or a young practicing one, there's a hall for all! Come here for here's where the learning meets fun!

Don't feel left out: Left Handed Phaco Module

Every surgeon deserves training that fits their natural strengths. The Left-Handed Phaco Module, an innovative YOSI initiative conceptualized by Dr. Nilesh Kumar and supported by team members Dr. Anujeet Paul and Dr. Abhijaat, offers a dedicated space for left-handed surgeons to learn, connect, and excel through shared experiences and expert guidance.

Dr Lipi Mittal, Dr Anujeet Paul, Dr Nilesh Kumar, Dr Abhijaat Chaturvedi

Dr. Nandita Trivedi

Welcome to YOSICON 2026, New Delhi!

It is a pleasure to welcome you to a celebration of learning, mentorship, and innovation in Ophthalmology. Through the exchange of ideas, shared experiences, and meaningful connections, we continue to shape the future of our profession. I hope this conference inspires curiosity, fosters collaboration, and creates memories that will last well beyond these three days.

Wishing you an enriching and rewarding YOSICON 2026.

Dr. Nupur Goel
YOSI Socio Cultural,
YOSI iROCK,
Dronacharya Awards
Ceremony, YO Carnival

It is an absolute pleasure to welcome everyone to the 3rd Annual International YOSICon 2026 and be a part of one of the world's largest gatherings of Young Ophthalmologists.

Being a member of the organizing team has been an incredibly enriching, exciting, and rewarding journey. Curating the various Socio-Cultural Sessions, night Nite, and YOSI iROCK has been a wonderful learning experience, made even more special by the passion and enthusiasm of the YOSI family.

The prestigious Dronacharya Awards, celebrating our beloved teachers and mentors, and the YOSI Starlights Awards, recognizing the creativity, talent, and excellence of Young Ophthalmologists, promise to be truly memorable highlights of the conference.

A heartfelt thank you to the entire YOSI Governing Council, Executive Committee, YOSI Socio-Cultural Team, YOSI iROCK Team, and the YOSI Dronacharya Awards Committee for their tireless efforts in making this vision a reality.

As we gather in New Delhi, I look forward to three unforgettable days of learning, inspiration, global networking, meaningful friendships, and lifelong memories.

Science, fun, networking, creativity, leadership, opportunities, and the unparalleled camaraderie that has become the trademark of YOSI – this conference truly has it all.

See you all at YOSICon 2026!

A warm welcome to YOSICON 2026!

Beyond the scientific sessions, discussions, and awards, YOSICON is a celebration of people—of friendships forged across borders, ideas shared across generations, and a collective commitment to advancing ophthalmology.

As delegates and 225 international faculty members representing 38 countries come together for this remarkable gathering, we hope you experience not only academic enrichment but also the warmth, hospitality, and spirit of togetherness that define the YOSI family.

On behalf of the Accommodation and Awards Committee, it is our privilege to help make your journey comfortable and your achievements celebrated. Every recognition bestowed during this conference reflects the passion, perseverance, and excellence that continue to inspire our profession.

May this conference offer not only knowledge and recognition, but also moments of inspiration, connection, and joy that stay with you long after YOSICON 2026 comes to a close. Welcome home. Welcome to YOSICON 2026.

With warm regards,

Level Up

Level Up Series | Welcome Message

It is my privilege to welcome you to the Level Up Series. With passionate minds, curious questions, and a shared drive to grow, this series stands as a testament to our commitment to learning beyond textbooks.

May these sessions challenge your thinking, sharpen your skills, and connect you with mentors who've walked the path. Together, we don't just keep up, we level up!

Let's learn. Let's lead. Let's level up.

YES Exam Accelerator

YES Exam accelerator is a first time initiative of Team Yosi and has been particularly crafted for the residents especially exam going to get a hands on crash course about exam OSCE and Viva stations. The course spans over 3 days and includes all subspecialties, recent advances, refraction , orthoptics and LVA . Each subspecialty would have OSCE discussion plus viva stations. Day 1 on Friday includes Cataract, Refractive, Cornea specialities, Day 2 includes Oculoplasty & Orbit, Pediatric & Strabismus, Neuroophthal, Retina and Glaucoma specialities. Day 3 includes Recent advances, hands on refraction and orthoptics stations and a very exciting OSCE quiz battle with exciting prizes. Quiz comprises of questions you learn in the course and there is a lucky draw for participants attending every session and station. This is a unique initiative crafted with precision and inclusive of a vast exam question bank and has an array of experienced faculty to teach you and test you before you face your exams. The one on one experience prepares you

Film Festival, Creator
Series

The YOSI Creator Series is an initiative designed to help young ophthalmologists learn the art and science of creating high-quality ophthalmic content.

From capturing clinical and surgical videos to editing, presenting, and sharing them effectively, this series aims to make content creation simple, practical, and accessible.

In today's digital era, good documentation and visual storytelling have become powerful tools for education. Through this series, we hope to inspire more young ophthalmologists to create, teach, and share their work with confidence.

YO of the Year Awards- Finalists

YOSICON 2025 Competitive Sessions

Winners

Free Paper – Best Paper of the Session

[FP15] : Phaco Pro Eyes: An Innovative Simulation Tool to Enhance Phacoemulsification Training for Young Ophthalmologists CHIEF AND PRESENTING AUTHOR : Dr.Renuka R Habib (M.NO:YOR0229)	Free Paper Cataract
[FP1] : Comparison of Phakic IOLs (IPCL and ICL); size and vault height with predictive formulas on AS-OCT CHIEF AND PRESENTING AUTHOR : Dr.Sonam Yangzes (M.NO:YOS1227) Co Author(s) : Dr.Challa divya reddy	Free Paper Cornea
[FP35] : Ophthalmological hide-and-seek of Keratoconus and Fuchs endothelial corneal dystrophy CHIEF AND PRESENTING AUTHOR : Dr.Tejaswi Kanumuri (M.NO:YOT1860) Co Author(s) : Dr.Kavya Chandran	Free Paper Cornea
[FP69] : Safety and efficacy of 5-0 prolene-assisted Gonioscopy Transluminal Trabeculotomy combined with phacoemulsification in Primary Angle Closure Glaucoma CHIEF AND PRESENTING AUTHOR : Dr.Nimrita Nagdev (M.NO:YON1475) Co Author(s) : Dr.Kavya Subramanian M. S.,Dr.MADHAVI RAMANATHA PILLAI,Dr.Shivam Gupta	Free Paper Glaucoma
[FP34] : Haptic cut modified 3P SFIOL: A micro innovation for easy homerun. CHIEF AND PRESENTING AUTHOR : Dr.Priyanka Chanana (M.NO:YOP1502) Co Author(s) : Dr.Kartikey Singh	Free Paper Retina/ Uvea Session 1
[FP60] : Macular detachment induction: A novel technique in the treatment of severe ERM CHIEF AND PRESENTING AUTHOR : Dr.RACHANA B. (M.NO:YOR1817) Co Author(s) : Dr.Apoorva Ayachit	Free Paper Retina/ Uvea Session 2

[FP82] : Assessment of Quality of life and psychological status in patients with Sight threatening DR CHIEF AND PRESENTING AUTHOR : Dr.Aahan Shah (M.NO:YOA1441)	Free Paper Retina/ Uvea Session 2
[FP2] : Anterior Segment Phenotype in Congenital Corneal Opacity: A Novel Screening Tool for FEVR CHIEF AND PRESENTING AUTHOR : Dr.Sonam Yangzes (M.NO:YOS1227) Co Author(s) : Dr.Anchal Thakur,Dr.Simar Rajan Singh	Free Paper - Paediatric /Squint /Neuro
[FP48] : Clinico-radiologico-histopathological correlation in diagnosing orbital mass lesions CHIEF AND PRESENTING AUTHOR : Dr.Rolika Bansal (M.NO:YOR0239) Co Author(s) : Dr.Banka Megha Ajay,Dr.DR ASHWITHA ALVA,Dr.Farnaz Yazeer	Free Paper - Oculoplasty and Oncology
[FP55] : "Tenon's Patch Graft with Fibrin Glue and Trefoil Overlay Suture for Corneal Perforation Repair: A Surgical Technique Overview" CHIEF AND PRESENTING AUTHOR : Dr.Priya Sisodiya (M.NO:YOP0201) Co Author(s) : Dr.GUNJAN BUDHIRAJA,Dr.Jaishree Lilani	Free Paper Mixed Bag 1
[FP49] : Frontalis flap advancement with levator extirpation for elimination of Marcus Gunn Jaw Winking synkinesis in congenital ptosis CHIEF AND PRESENTING AUTHOR : Dr.Rolika Bansal (M.NO:YOR0239)	Free Paper Mixed Bag 2
[FP32] : Utilizing Benford's Law for Critical Assessment of Research Data Integrity in Ophthalmology CHIEF AND PRESENTING AUTHOR : Dr.Pranessh Ravi (M.NO:YOP0943)	Free Paper Mixed Bag 3

Video Competitive Session Winners

[VC13] : ENDOILLUMINATOR – MACHINE MADE SIMPLE Chief and presenting AUTHOR : Dr.Arn timer Singh Saroya (M.NO:YOA0706) Co Author(s) : Dr.Shaina Verma	Video Competition Cataract 1
[VC53] : Finding the key to the keyhole – Cataract surgery in Iridolenticular Coloboma Chief and presenting AUTHOR : Dr.Sameer Chaudhary (M.NO:YOC1307)	Video Competition Cataract 2
[VC47] : A stitch in time saves 9:Reversal of Post Trab Hypotony Maculopathy by Transconjunctival Flap Suture	Video Competition Anterior

Chief and presenting AUTHOR : Dr.Shivam Gupta (M.NO:YOS1466) Co Author(s) : Dr.Kavya Subramanian M. S.,Dr.MADHAVI RAMANATHA PILLAI,Dr.Nimrita Nagdev	
[VC12] : Disinsert-Retract-Rotate Technique for Inferior Oblique-Sparing Plaque Brachytherapy in Juxtafoveal Choroidal Melanoma Chief and presenting AUTHOR : Dr.Deepsekhar Das (M.NO:YOD0771) Co Author(s) : Dr.Ananya Herle,Dr.Bhavna Chawla,Dr.Neiwete Lomi,Dr.Sumit Grover	Video Competition Oculoplasty
[VC50] : Eye Mount 360 - Revolutionising Surgical Training Chief and presenting AUTHOR : Dr.Aravind Krishna (M.NO:YOA1552)	Video Competition Miscellaneous
[VC27] : From Practice to Precision - Managing Nucleus drops effectively Chief and presenting AUTHOR : Dr.Arthi M (M.NO:YOA1184) Co Author(s) : Dr.Ayshwaria Basker	Video Competition Retina/ Uvea 1
[VC49] : RESSURECTION Chief and presenting AUTHOR : Dr.Mounika Bolisetty (M.NO:YOM0957)	Video Competition Retina/ Uvea 2

Clinical Case Competitive Session Winners

[CCC37] : Tenon's patch graft- the survivor CHIEF and PRESENTING AUTHOR : Dr.Bhupesh Jain (M.NO:YOB0016)	Clinical Case Competition Cornea
[CCC85] : Perforated corneal ulcer post Ahmed glaucoma valve surgery CHIEF and PRESENTING AUTHOR : Dr.Arshi Singh (M.NO:YOA0056) Co Author(s) : Dr.Avani Hariani	Clinical Case Competition Glaucoma
[CCC15] : Through a Child's Eyes: The Onset and Journey of Batten Disease CHIEF and PRESENTING AUTHOR : Dr.Arthi M (M.NO:YOA1184)	Clinical Case Competition Retina/ Uvea 1
[CCC46] : Ocular syphilis in Sickle cell Trait CHIEF and PRESENTING AUTHOR : Dr.Abhishek Upadhyaya (M.NO:YOU1359) Co Author(s) : Dr.Mudit Tyagi	Clinical Case Competition Retina/ Uvea 2
[CCC73] : Adjunctive intravitreal anti-vascular endothelial growth factor and moxifloxacin for treating a large choroidal tuberculoma CHIEF and PRESENTING AUTHOR : Dr.AISHWARAYA K (M.NO:YOA1695) Co Author(s) : Dr.Tanya Jain	Clinical Case Competition Retina/ Uvea 3

[CCC81] : Connecting the Dots CHIEF and PRESENTING AUTHOR : Dr.Anju Bansal (M.NO:YOA1730) Co Author(s) : Dr.Tanya Jain	Clinical Case Competition Retina/ Uvea 4
[CCC56] : Sudden visual loss in pineal gland tumour: Blindness due to the third eye CHIEF and PRESENTING AUTHOR : Dr.Sameer Chaudhary (M.NO:YOC1307)	Clinical Case Competition Paediatric/ Squint/ Neuro
[CCC58] : Exenterate or Conserve? – Navigating the Gray Zone in Invasive Conjunctival Melanoma CHIEF and PRESENTING AUTHOR : Dr.Rolika Bansal (M.NO:YOR0239)	Clinical Case Competition Oculoplasty / Oncology 1
[CCC76] : Clinical, Radiological, Optical Coherence Tomography and Histopathological Correlation in a Case of Epibulbar Osseous Choristoma CHIEF and PRESENTING AUTHOR : Dr.PRABHAT VINAY NANGIA (M.NO:YOP1431)	Clinical Case Competition Oculoplasty / Oncology 2
[CCC57] : Pituitary Apoplexy following cataract surgery CHIEF and PRESENTING AUTHOR : Dr.Sameer Chaudhary (M.NO:YOC1307)	Clinical Case Competition Miscellaneous

Free Paper Final Winner

Free Paper Retina/ Uvea Session 2

[FP82] : Assessment of Quality of life and psychological status in patients with Sight threatening DR

CHIEF & PRESENTING AUTHOR : **Dr. Aahan Shah** (M.NO:YOA1441)

Video Competition Final Winner

[VC12] : Disinsert-Retract-Rotate Technique for Inferior Oblique-Sparing Plaque Brachytherapy in Juxtafoveal Choroidal Melanoma

Chief and presenting AUTHOR : **Dr.Deepsekhar Das**(M.NO:YOD0771)

Co Author(s) : Dr. Ananya Herle, Dr. Bhavna Chawla, Dr. Neiwete Lomi, Dr. Sumit Grover

Case Competition Final Winner

[CCC58] : Exenterate or Conserve? – Navigating the Gray Zone in Invasive Conjunctival Melanoma

CHIEF and PRESENTING AUTHOR : **Dr. Rolika Bansal** (M.NO:YOR0239)

Global Meeting Hall- 11/07/2026 | 03:00 PM - 03:55 PM

Under the guidance of Dr Santosh G Honavar & R Krishna Prasad

(YOUNG OPHTHALMOLOGISTS SOCIETY OF INDIA)

AIOS - YOSI

brings to you a unique session

CCC

CONNECTING COMPATIBLE COUPLES

Find your missing half

creating matches that last a lifetime

CONNECT
Meet like-minded
young ophthalmologists

CONVERSE
Engage in meaningful
conversations in a
friendly environment

COMPANIONSHIP
Explore the possibilities
of meeting your
better half

A thoughtfully curated matchmaking
matrimonial meet for young
ophthalmologists to connect, engage and
explore the possibility of building a
meaningful and lifelong relationship in a
warm, respectful and engaging environment.

HOSTED BY

Dr Renuka ♥ Dr Tejas ♥ Dr Sonali Prasad ♥ Dr Rakhi Dcruz ♥ Dr Krishna Prasad
♥ Dr Santosh Honavar ♥

Box Club Session

10/07/26
04:00 PM - 4:55 PM
Hall - Stage 2 (Silent Hall)

Moderators	Anujeet Paul, Prasanna Venkatesh Ramesh, Lipi Mittal		
Panelists	Rohit Shirodkar, Francois Niyonzima, Sneha Makhija, Yash Gala, Vinoth Arunaachalam, Nishanth Madhivanan, Shruti Nishanth, Uday Tekchandani, Nupur Goel, Tanushree Chatterjee, Nihar Garg, Nikunj Tank, Karan Bhatia, Nikhil Nasta, Shilpa Ghosh, Vanashree Nair, Shalaka Chakravorty, Charu Arora, Sunandini Bose, Rishabh Mishra, Kunal Mandlik, Nishtha Khurana, Rakhi D'Cruz, Manisha Mishra, Sankha Subhra Chaudhuri, Dhvani Mehta, Shantanu Gulati, Bharat Mehta, Samita Moolani		
SN	Title	Speaker	Duration
1	FTPC-438 Panel Discussion on Premium IOLs, Injectors, Surgical Technique, Volume & Patient Outcomes	All Panelists	55

Simplified Concepts

10/07/26
2:00 PM - 02:55 PM
Hall - Stage 2 (Silent Hall)

Chairperson	Lalit Verma
Moderator	Niranjan Karthik
Panelists	Karthikeyan Mahalingam, Karan Bhatia, Aarti Heda
Quiz Master	Satanshu Mathur

SN	Title	Speaker	Duration
1	<i>FTPC-842</i> Pupil - Clinical aspects demystified - Keynote	D Chandrasekhar	10
2	<i>FTPC-927</i> Sponsor Talk - Appasamy-Balancing Outcomes and Satisfaction: A Surgeon's Take on Trifocal IOLs	Anujeet Paul	8
3	<i>FTPC-841</i> Diplopia Charting Simplified- Keynote	V R Vijayaraghavan	10
4	<i>SS-226</i> Traumatic Experience in Traumatic Cataract	Bhanupriya	8
5	<i>FTPC-1056</i> Combined Cataract & Oil Removal Through Limbal Route	Priksha	8

Finance With CAGR

11/07/26
11:00 AM - 11:55 AM
Hall - Hall 5

Chairperson	Deepanshu Agrawal
Moderators	Nikunj Tank, Niranjana Karthik Senthil Kumar
Panelists	Shruti Agrawal, Vikash Agarwal

This Session will be a live audience interaction by the Panelists Mr Vikash Agarwal and Ms Shruti Agrawal who will be discussing personal finances for young ophthalmologists.

Luminaries Speak

10/07/26
11:00 AM - 11:55 AM
Hall - Stage 1 (Silent Hall)

Chairpersons	Diva Kant Misra, Karan Bhatia
Moderator	Nilesh Kumar
Panelists	Prasanna Venkatesh Ramesh, Zain Irfan Khatib

SN	Title	Speaker	Duration
1	FTPC-1022 Giant Retinal Tear Retinal Detachment - To Buckle or Not	Brg S K Mishra	10
2	FTPC-939 You Were Not Born to be Ordinary	Mohita Sharma	10

Challenges and Innovations- A Masterclass

11/07/26
04:00 PM - 4:55 PM
Hall - Stage 4 (Silent Hall)

Chairpersons	Deepak Mishra, JS Bhalla
--------------	--------------------------

Innovation, Surgical Excellence and Complex Clinical Challenges; This session blends inspiration with practical expertise, highlighting the role of innovation, research, and collaboration in advancing ophthalmology. Topics include iris reconstruction, achieving exceptional phaco outcomes, managing posterior capsular rupture in uveitic eyes, and unique retinal case studies, offering valuable lessons in problem-solving, precision, and surgical mastery.

SN	Title	Speaker	Duration
1	<i>FTPC-1081</i> Additive Keratoplasty in Keratoconus	Rajesh Sinha	8
2	<i>FTPC-1048</i> Innovations in Corneal Surgeries	Vijay Sharma	8
3	<i>FTPC-845</i> Every Ophthalmologist Has an A. Few Reach Z. Lessons in Innovation, Research and Collaboration	Ashish Sharma	10
4	<i>FTPC-846</i> From Defect to Design- Iris Reconstruction Mastery	Satanshu Mathur	8
5	<i>FTPC-847</i> Mastering the Details: Surgical Pearls for Outstanding Phaco Results	Arup Chakraborti	8
6	<i>FTPC-848</i> Waxing and Waning Macular Hole: A Case Study	Navendu Rai	8

Algorithmic Approach: Pole to Pole

10/07/26
12:00 PM - 12:55 PM
Hall - Stage 3 (Silent Hall)

Moderator	Farida Hashimli
Panelist	TBD

This session highlights innovative and complex surgical decision-making in ophthalmology, covering the role of endoscopic visualization in vitreoretinal surgery, early recognition and management of subluxated cataracts, and surgical approaches to corneal perforation. Together, these topics emphasize technological advancements, timely intervention, and tailored strategies to optimize anatomical and visual outcomes.

SN	Title	Speaker	Duration
1	<i>FTPC-844</i> Endoscopic viewing in VR surgery - Where does it add value	Vivek Dave	20
2	<i>FTPC-834</i> Early Identification and Management of Subluxated Cataract	Madhu Shekar	10
3	<i>FTPC-763</i> Corneal Perforation Surgical Management : Overview	Bhavana Sharma	10
4	<i>FTPC-1026</i> Managing Bleb Related Complications Post Trabeculectomy	Shalini Mohan	10

Combined International Young Ophthalmologists Session

11/07/26
12:00 PM - 12:55 PM
Hall - Stage 4 (Silent Hall)

Moderator	Shaffi Chopra
-----------	---------------

Innovation and Emerging Frontiers with Combined International YOs; This session highlights cutting-edge developments across ophthalmology, from artificial intelligence and global eye health to novel therapeutics, MIGS, and advanced vitreoretinal surgery. Experts will discuss contemporary management of glaucoma and retinal disease, practical decision-making in IOL selection, and unique international perspectives, offering insights into the future of eye care

SN	Title	Speaker	Duration
1	<i>FTPC-270</i> Phacoemulsification in Acute Primary Angle Closure	Wut Yee Paing	6
2	<i>FTPC-271</i> Can ChatGPT Answer Questions on Global Eye Health?	Tan Ting Fang	6
3	<i>FTPC-273</i> Subconjunctival Injection of Liposomal Tacrolimus (LipoTac) for Allergic Conjunctivitis	Shayne S Tan	6
4	<i>FTPC-278</i> MIGS in Contemporary Glaucoma Care	See Teng Tan	6
5	<i>FTPC-302</i> Pneumatic Retinopexy in 2026: Beyond Anatomical Success	Boonrak Thanhakanjanakul	6
6	<i>FTPC-311</i> The Aid of Counter-Traction – Bimanual Techniques in TRD Repair	Jirat Suwanwatana	6
7	<i>FTPC-315</i> Decode the Choice: The Traffic Light Protocol for IOLs in Retinal Pathology	Passathorn Julayanont	6
8	<i>FTPC-326</i> Ophthalmology in Cape Verde	Irina Tavares	6
	Discussion		7

Malaysia YO - Hybrid Session

10/07/26
2:00 PM - 02:55 PM
Hall - Stage 4 (Silent Hall)

Chairperson	WAI Yong Zheng
Co-Chairperson	Sudhashini Chandrasekaran

SN	Title	Speaker	Duration
1	<i>FTPC-298</i> Bearly Seeing: Phacoemulsification for Cataract in a Sun Bear from Borneo	WAI Yong Zheng	6
2	<i>FTPC-300</i> Am I Lazy or Am I Playing It Safe?' - FLACS with Ziemer Z8 Technology	Jimmy Lim Ing Hong	6
3	<i>FTPC-303</i> Two Months at Moorfields: What Neuro-Ophthalmology and Complex Neurology Taught Me	Karimmah Md Wahit Hasim	6

YO Organisations in Europe - Panel Discussion by SOE

12/07/26
09:00 AM- 09:55 AM
Hall - Hall 8

Introduction to SOE YO and the National YO Societies of Prague, Switzerland, France, and Germany
20 Mins

Structured interview about the needs, Resources and Possibilities of YOs and their Organisations
30 Mins

Questions by the Audience
5 Mins

The RRD Roadmap: Navigating Modern Strategies for Retinal Reattachment

12/07/26
09:00 AM- 09:55 AM
Hall - Hall 10

Chairperson	Deepanshu Agrawal
Co-Chairpersons	Ashish Markan, Vineet Mutha
Moderator	Kartikey Singh
Panelists	Sameeksha Agrawal, Harshal Sahare, Anugraha

Retinal Detachment Masterclass: From Prevention to Complex Salvage Surgery: This session offers a comprehensive journey through the management of retinal detachment, from prophylactic laser treatment of retinal breaks to advanced surgical strategies for complex cases. Experts will debate contemporary approaches including pneumatic retinopexy, pars plana vitrectomy, scleral buckling, and the management of proliferative vitreoretinopathy, emphasizing techniques that maximize anatomical and functional outcomes.

SN	Title	Speaker	Duration
1	<i>FTPC-445</i> Defining Danger: A Global Perspective on Treating Retinal Breaks with Laser	Fiza Shaheen	9
2	<i>FTPC-444</i> Choosing Wisely: Why Pneumatic Retinopexy Still Wins in Primary RRD	Mahwish Shahid	9
3	<i>FTPC-446</i> The Precision Pursuit: Optimizing Functional Outcome in Primary PPV for RRD	Nauman Hashmani	9
4	<i>FTPC-447</i> Beyond the Vitreous: The Art and Science of Buckling	Aziz Jan Bashir	9
5	<i>FTPC-448</i> The PVR Playbook: Advanced Surgical Tactics for the Most Challenging Detachments	Yasir Ahmed	9
6	<i>FTPC-449</i> The Final Frontier: Salvage Surgery for Complex PVR Under the Silicone Oil	Abdul Hannan	9

The YO Nerd - The devil is in the detail

12/07/26
09:00 AM- 09:55 AM
Hall - Stage 1 (Silent Hall)

Moderator	Tereza Houskova
Panelists	Dominik Maler, Ghita Lahlou

Designed for the curious and detail-oriented ophthalmologist, this session delivers concise, high-yield insights into contemporary anterior segment, corneal, glaucoma, and retinal practice. From MIGS and IFIS management to keratoconus treatments, premium IOL planning, endothelial disease, intravitreal injections, and human factors in healthcare, participants will gain practical knowledge that bridges theory and real-world decision-making.

SN	Title	Speaker	Duration
1	<i>FTPC-501</i> Crash Course MIGS / MIGS for Nerds	Atanas Bogoev	6 +1
2	<i>FTPC-502</i> Managing IFIS: Practical Phaco Settings for Nerds	Klara Cenkova	6 +1
3	<i>FTPC-503</i> Corneal Topography Before Cataract Surgery (Premium-IOL Yes or No) for Nerds	Dominik Leonard Maler	6 +1
4	<i>FTPC-504</i> Cataract Surgery and Endothelial Disease: When to Combine with DMEK? Clinical and Imaging Clues to Guide Decision-Making for Nerds	Ghita Lahlou	6 +1
5	<i>FTPC-505</i> May my mistakes serves you // Introduction to human factors in healthcare for nerds	Xavier Balmelle	6 +1
6	<i>FTPC-506</i> ICRS implantation in Keratoconus for Nerds	Tereza Houskova	6 +1
7	<i>FTPC-507</i> New insight on keratoconus treatment - CAIRS - for Nerds	Alessandra Ray	6 +1
8	<i>FTPC-508</i> Crash Course in Intravitreal injections for Nerds	Nazrina Gadzhieva	6 +1

3	<i>FTPC-894</i> Role Of Moxifloxacin- Perioperative Sterilization (JB- A Torrent Group Company Sponsored Session)	Zain Khatib	8
4	<i>FTPC-856</i> Sponsor Talk - Rayner Galaxy IOL	Nikhil Nasta	8

Lunch Symposium-Stage3

10/07/26
01:00 PM - 01:55 PM
Hall - Stage 3 (Silent Hall)

Moderators	Anujeet Paul, Lalit Verma
Panelists	Karan Bhatia, Apoorva Grover, S.N Jha

SN	Title	Speaker	Duration
1	Real World Experiences on Lupins Ranibizumab(Ranieyes).	Neeraj Manchanda	8
2	Improving Access With Atmanirbharta	Priksha Lakhlan	8
3	Latest updates on Lupins Ranibizumab (BRESER STUDY/BRIO STUDY with latest update on Ranieyes)	Debdulal	8
4	Sponsor Talk - Enotd -2 Talks	TBD	8

Lunch Symposium-Stage1

11/07/26
01:00 PM - 01:55 PM
Hall - Stage 1 (Silent Hall)

Moderator	Anubhav Upadhyay
Panelists	Priyanka Agarwal , Tanya Jain

SN	Title	Speaker	Duration
1	<i>FTPC-854</i> Sponsor Talk - Rayner EMV	Graham Barrett	30
2	<i>FTPC-886</i> Roche Sponsor Talk - My Experience with Faricimab in DME	Kartikey Singh	10

4	<i>FTPC-1016</i> Refractive Errors - Myopia (Atropine 0.05% and Atropine 0.01%)	Smita Kapoor	8

Buffet Lunch
from 01:00 PM to 01: 55PM at
12th July 2026

Instruction Course

Instruction Course - Aging, Regeneration & Non-Surgical Periocular Treatments – Face It: A Young Ophthalmologist's Guide to OculoFacial Aesthetics

10/07/26
03:00 PM - 3:55 PM
Hall - Stage 1 (Silent Hall)

Chief Instructor	Sahil Agrawal
------------------	---------------

SN	Title	Speaker	Duration
1	IC-013 The Anatomy of Aging: Mapping Facial Changes	Rwituja Grover	8
2	IC-013 Regenerative Approaches in Oculofacial Aesthetics: Science, Applications, and Outcomes	Neha Taneja	8
3	IC-013 Neurotoxins 101: Aesthetic Alchemy	Prateek Sharma	8
4	IC-013 Periocular Puffiness Decoded: From Diagnosis to Non-Surgical Strategy	Shreya Garg	8
5	IC-013 Aging, Regeneration, and Non-Surgical Periocular Treatments - Face It: A Young Ophthalmologist's Guide to OculoFacial Aesthetics	Sahil Agrawal	8
6	IC-013 Discussion		15

Instruction Course - Beyond the Cornea: Decoding Complex Cases from Infection to Perception

10/07/26
09:00 AM- 09:55 AM
Hall - Stage 3 (Silent Hall)

Chief Instructor	Apeksha Kataria
------------------	-----------------

SN	Title	Speaker	Duration
1	<i>IC-018</i> Managing Complex Infectious Keratitis: Challenges, Pitfalls, and Solutions	Stuti Chamola	8
2	<i>IC-018</i> Strategies in Corneal Scar Management: From Anti-Fibrotics to Laser Remodeling	Tejashree Barghare	8
3	<i>IC-018</i> Decoding Multifocal IOL Dissatisfaction: Optics, Ocular Surface, and Neural Adaptation	Sunayana Murthy	8
4	<i>IC-018</i> The Phantom Cornea: Decoding Central and Peripheral Pain in Challenging Corneal Scenarios	Prabhjot Singh	8
5	<i>IC-018</i> Beyond the Cornea: Decoding Complex Cases from Infection to Perception	Apeksha Kataria	8
6	<i>IC-018</i> Discussion		15

Instruction Course - Beyond Topography: Advanced Indices from Next-Generation Corneal Imaging Platforms

10/07/26
09:00 AM- 09:55 AM
Hall - Stage 2 (Silent Hall)

Chief Instructor	Prabhjot Singh
------------------	----------------

SN	Title	Speaker	Duration
1	<i>IC-014</i> Polarisation-Sensitive OCT and Emerging Collagen Fibril Imaging for In-Vivo Corneal Architecture	Stuti Chamola	8
2	<i>IC-014</i> Newer Scheimpflug Indices and Biomechanics: Redefining Ectasia Risk Stratification and Screening	Prabhjot Singh	8
3	<i>IC-014</i> Anterior Segment OCT Epithelial and Stromal Elevation Mapping in Clinical Practice	Sunayana N Murthy	8
4	<i>IC-014</i> High-Resolution OCT: Tear Film, Bowman's Membrane and Corneal Sublayer Characterisation	Apeksha Kataria	8
5	<i>IC-014</i> Beyond Topography: Advanced Indices from Next-Generation Corneal Imaging Platforms	Prabhjot Singh	8
6	<i>IC-014</i> Discussion		15

Instruction Course - Cracking the Complex Cornea: Diagnostics, Decision-Making, and Refractive Surgery Planning

10/07/26
09:00 AM - 09:55 AM
Hall - Stage 1 (Silent Hall)

Chief Instructor	Sunayana N Murthy
------------------	-------------------

SN	Title	Speaker	Duration
1	<i>IC-015</i> Diagnostics deep-dive and advances - what to look for beyond the standard prints	Prabhjot Singh	8
2	<i>IC-015</i> Ocular inflammation & surface disease - impact on diagnostics and outcome what to do about it	Mohammed Hyder	8
3	<i>IC-015</i> Recognizing the danger zone - red flags and grey zones	Stuti Chamola	8
4	<i>IC-015</i> Cracking the Complex Cornea - Diagnostics, Decision-Making, and Refractive Surgery Planning	Sunayana N Murthy	8
5	<i>IC-015</i> Discussion		23

Instruction Course - DR for Dummies

10/07/26
2:00 PM - 02:55 PM
Hall - Stage 3 (Silent Hall)

Chief Instructor	Arjun Desai
------------------	-------------

SN	Title	Speaker	Duration
1	IC-019 Diabetic Vitrectomy 1	Kartikey Singh	8
2	IC-019 Diabetic Vitrectomy 2	Paras Khatwani	8
3	IC-019 Management of DME	Anubhav Upadhyay	8
4	IC-019 Managing PDR	Ganesh Pillay	8
5	IC-019 DR for Dummies	Arjun Desai	8
6	IC-019 Discussion		15

Instruction Course - From Idea to Funding: A Step-by-Step Guide to Winning Extramural Grants for Young Ophthalmologists

10/07/26
04:00 PM - 4:55 PM
Hall - Stage 3 (Silent Hall)

Chief Instructor	Karthikeyan Mahalingam
------------------	------------------------

SN	Title	Speaker	Duration
1	<i>IC-010</i> Finding Your Research Spark: How to Identify a Fundable Idea	Pranesh Ravi	8
2	<i>IC-010</i> Ethics Made Easy: Navigating IEC Approval for Private Practitioners	Niranjan Karthik	8
3	<i>IC-010</i> Winning the Grant Game: Proposal Writing Do's, Don'ts, and Lessons from Dual ICMR Funding	Deepsekhar Das	8
4	<i>IC-010</i> Power of Collaboration: Lessons from a Multicentric ICMR Study	Prasanna Venkatesh Ramesh	8
5	<i>IC-010</i> Inside the Reviewer's Mind: What Makes a Grant Proposal Stand Out	Karthikeyan Mahalingam	8
6	<i>IC-010</i> Discussion		15

Instruction Course - Guardians of Vision: A Practical Guide to Safe Ophthalmic Surgery as per Accreditation Standards

10/07/26
10:00 AM - 10:55 AM
Hall - Stage 1 (Silent Hall)

Chief Instructor	Neeraj Shah
------------------	-------------

SN	Title	Speaker	Duration
1	IC-017 OT cleaning & Disinfection	Divya Bharghavi	8
2	IC-017 Instrument cleaning & Sterilization	Vijaya Bhaskar Gajjala	8
3	IC-017 Documentation	Mahathi V	8
4	IC-017 Financial aspects	Madana Gopalan	8
5	IC-017 Guardians of vision (A practical guide to safe ophthalmic surgery as per accreditation standards)	Neeraj Shah	8
6	IC-017 Discussion		15

Instruction Course – Phakic IOLs: Made Easy

10/07/26
10:00 AM – 10:55 AM
Hall – Stage 3 (Silent Hall)

Chief Instructor	Gaurav Gupta
------------------	--------------

SN	Title	Speaker	Duration
1	IC-009 Preoperative Workup for Phakic IOLs	Rishi Raj Singh	8
2	IC-009 Complications of Phakic IOLs	Jitender Jinagal	8
3	IC-009 Phakic IOLs in Challenging Cases	Ankit Deokar	8
4	IC-009 Phakic IOLs- Made Easy	Gaurav Gupta	8
5	IC-009 Discussion		23

Instruction Course - Scars to Stealth: Mastering Cicatrising Conjunctival Conundrums

10/07/26
09:00 AM- 09:55 AM
Hall - Stage 4 (Silent Hall)

Chief Instructor	Jitender Jinagal
------------------	------------------

SN	Title	Speaker	Duration
1	IC-008 Medical management & surgical solutions	Jitender Jinagal	8
2	IC-008 clinical and immunopathogenic insights	Nikhil Aggarwal	8
3	IC-008 clinical Challenges and disease complications	Prabhakar Singh	8
4	IC-008 Diagnostic Dilemmas	Barkha Gupta	8
5	IC-008 Scars to Stealth: Mastering Cicatrising Conjunctival Conundrums.	Jitender Jinagal	8
6	IC-008 Discussion		15

Instruction Course - Scleral Fixated IOL – From Decision Making to Surgical Precision

10/07/26
10:00 AM – 10:55 AM
Hall – Stage 2 (Silent Hall)

Chief Instructor	Ganesh Pillay
------------------	---------------

SN	Title	Speaker	Duration
1	IC-011 Scleral Fixated IOL – From Decision Making to Surgical Precision	Ganesh Pillay	7
2	IC-011 Atypical Flanging for SFIOLs: Optimising Outcomes	Kartikey Singh	7
3	IC-011 Complications in SFIOL: Prevention and Management Strategies	Anubhav upadhyay	7
4	IC-011 Glued IOL & Alternative Sutureless Techniques	Ashwani Kanoriya	7
5	IC-011 Flanged Intrasccleral Fixation (Yamane Technique): Step-by-Step Surgical Pearls	Ganesh Pillay	7
6	FTPC-749 Fixing IOLs - Keynote	K. Niruththan	7
7	IC-011 Discussion		13

Instruction Course - SICS et al: Fine Craftsmanship with Instrument Symphony

10/07/26
10:00 AM - 10:55 AM
Hall - Stage 4 (Silent Hall)

Chief Instructor	Ankit Gupta
------------------	-------------

SN	Title	Speaker	Duration
1	IC-007 The Hole Truth: Managing the PC Rent	Pratyush	8
2	IC-007 A Watertight Case: The Secrets to a Truly Self-Sealing Incision.	Himani Chatterjee	8
3	IC-007 The Ring Master: Orchestrating the Perfect Capsulotomy & Nucleus Delivery	Arshi Singh	8
4	IC-007 Why SICS is Still "Phaco-Efficient"	Ankit Gupta	8
5	IC-007 SICS et al: Fine Craftsmanship with Instrument Symphony	Ankit Gupta	8
6	IC-007 Discussion		15

Instruction Course - Steering Through Crossroads in Ophthalmology

10/07/26
12:00 PM - 12:55 PM
Hall - Stage 2 (Silent Hall)

Chief Instructor	Pooja A Angadi
------------------	----------------

SN	Title	Speaker	Duration
1	IC-020 Refractive Oops After Cataract Surgery	Pooja A Angadi	8
2	IC-020 Breaking Point or Hold Tight? The Intermittent Exotropia Dilemma	Divya Wakodkar	8

4	IC-020 Ab Interno Migs: Snorkel Vs Blade	Meghana Hiremath	8
5	IC-020 Steering Through Crossroads in Ophthalmology	Pooja A Angadi	8
6	IC-020 Discussion		15

Instruction Course : Conundrums of the Narrow Space - Deal Angle Closure with Ease

12/07/26
10:00 AM - 10:55 AM
Hall - Hall 8

Panelists	Kaviya Kamaraja, Techii Dodum Tara
Chief Instructor	Nimrita Nagdev

SN	Title	Speaker	Duration
1	<i>FTPC-402</i> Phaco-Trabeculectomy: Sailing Through the Storm	Shivam Gupta	6
2	<i>FTPC-396</i> Laser Iridotomy / Clear Lens Extraction - Current Trend in PACD Management	Varsha G Belamgi	6
3	<i>FTPC-399</i> Tips for Phacoemulsification in Narrow Eyes	Techii Dodum Tara	6
4	<i>FTPC-404</i> Traversing the Limited Space: Role of MIGS in Angle Closure	Nimrita Nagdev	6

Instruction Course : The Silent Thief's Unveiling Toolkit - Modern Modalities in Glaucoma Detection

12/07/26
11:00 AM - 11:55 AM
Hall - Hall 8

Panelists	Annu Joon, Neha Midha, Nitika Beri
Chief Instructor	Shivam Gupta

SN	Title	Speaker	Duration
1	<i>FTPC-406</i> RNFL and GCC OCT: Foundational Principles and Artefact Induced Diagnostic Pitfalls	Nimrita Nagdev	6
2	<i>FTPC-408</i> Anterior Segment Unveiled: AS-OCT vs UBM in the Glaucoma Frontier	Shivam Gupta	6
3	<i>FTPC-409</i> Vascular Visions & Optic Narratives: OCTA and BMO-MRW in Glaucoma's New Era	Nidhi Tomar	6
4	<i>FTPC-413</i> Perimetry on the Go: Portable Visual Field Devices vs Traditional HFA	Kavya Subramanian	6

Academic Session

Academic Excellence: Horizon & Beyond

10/07/26
11:00 AM - 11:55 AM
Hall - Hall 5

Chairperson	Amit Porwal
Moderators	Tanveer kaur, Mohd Afzal, Anujeet Paul
Panelists	Prasanna Venkatesh Ramesh, Lipi Mittal, Zain Irfan Khatib, Shouvik Dan, Anurag Kashyap, Rakhi D'Cruz, Arshi Singh, Aahan Shah

Expert Panel Discussion - Lessons from Those Who Made It - 15 Mins

SN	Title	Speaker	Duration

Anterior Segment, Cornea & Cataract

11/07/26
03:00 PM - 3:55 PM
Hall - Stage 2 (Silent Hall)

Moderators	Akbota Sukbai, Hatice Betul kaya, Murzalieva Begimai Kadyrbekovna
------------	---

Advances in Cornea, Refractive and Cataract Surgery: This session highlights contemporary innovations and research in anterior segment ophthalmology. Topics include keratoconus management, long-term outcomes of corneal cross-linking, refractive surgery advances, visual rehabilitation after pterygium surgery, novel phacoemulsification techniques, and challenging cataract cases, offering valuable insights into optimizing surgical outcomes and patient care.

SN	Title	Speaker	Duration

Branding and Marketing Yourself

11/07/26
2:00 PM - 02:55 PM
Hall - Hall 8

Moderators	Rwituja Thomas, Samita Moolani
Panelists	Aadithreya Varman, Diva Kant Misra, Andi Marsa Nadhira, Hamza Mohamed, Murat Baikhadamov, Ellada Ibragimova

You got the degrees, the training, the experience, and the technology. But practising Ophthalmology in 2026 requires a skill set that even the best fellowships cannot teach you. Creating a brand and marketing yourself is an ever - evolving landscape for practitioners. Hear from doctors and experts in the field, with their approach, ideas and take back some practical feedback to set yourself up for success!

Budding Ophthalmologist Session (BOs)

11/07/26
12:00 PM - 12:55 PM
Hall - Stage 3 (Silent Hall)

Chairpersons	Alia Arianti, Jerusha John, Srinivas Joshi, Nikhil Nasta, Ankur Singh
Organising Teams	Tushar Agrawal, Nandita Trivedi, Ankit Gupta , Sameer Chaudhary, Arshi Singh
Chief Organiser	Abhijaat Chaturvedi

A flagship session at International YOSIcon 2026, Budding Ophthalmologists brings together young ophthalmologists from India and across the globe on a common academic platform. Featuring innovative presentations, fresh perspectives, and mentorship from renowned ophthalmic stalwarts, the session celebrates learning, collaboration, innovation, and the future of ophthalmology

Cataract Phaco Training & Innovation

11/07/26
09:00 AM - 09:55 AM
Hall - Stage 1 (Silent Hall)

Moderator	Ankit Agrawal
Panelists	Rohan Mehra, Deepak Mishra

This session highlights contemporary advances in cataract and refractive surgery, featuring innovative approaches to phacoemulsification training, practical pearls for micro-incision phaco, and evolving strategies for presbyopia correction through blended mini-monovision. Expert-led surgical videos and discussions on iris claw IOL implantation will provide valuable insights for enhancing surgical outcomes.

Difficult Cataract Cases, Premium IOLs & Special Situations

10/07/26
03:00 PM - 3:55 PM
Hall - Stage 3 (Silent Hall)

Moderator	Prachi Grover
Panelists	Barkha Gupta, Divya Wakodkar, K. Niruththan

This session offers practical insights into managing challenging cataract scenarios and achieving optimal refractive outcomes. Experts will share pearls for rock-hard cataracts and uveitic eyes, strategies for toric and presbyopia-correcting IOLs, and the role of micromonovision with modern EDOF and advanced monofocal lenses to enhance patient satisfaction.

Cornea & Ocular Surface - Cicatrising Disease, Surface & Surgical Pearls

12/07/26
10:00 AM - 10:55 AM
Hall - Stage 2 (Silent Hall)

Moderator	Renuka R Habib
Panelists	Madhuri Parande, Shrutakirty Parida, Vishal Arora

This session focuses on the diagnosis and management of challenging ocular surface and corneal diseases. Experts will discuss chronic cicatrizing conjunctivitis, contemporary pterygium surgery, and the recognition and treatment of Pythium keratitis. The program also explores ocular surface training opportunities and provides practical insights into managing complex conditions affecting vision and ocular health.

Cornea & Ocular Surface - Infections, Injuries & Reconstruction

11/07/26
09:00 AM- 09:55 AM
Hall - Stage 3 (Silent Hall)

Chairperson	Ashraful Huq Ridoy
Moderator	Ankita Raj
Panelists	Jyoti Sapkota, Ngoc Van Anh Le, Mary Ellaine S. Diaz

This session offers a practical guide to the diagnosis and management of corneal disorders, with a focus on infectious and herpetic keratitis, chemical injuries, and corneal hydrops. Experts will share surgical techniques, common pitfalls to avoid, and evidence-based strategies to help young ophthalmologists confidently manage challenging corneal conditions.

Descemet Stripping Endothelial Keratoplasty (DSEK): Techniques and Advances - Instruction Course

10/07/26
03:00 PM - 3:55 PM
Hall - Stage 2 (Silent Hall)

Chairperson	Karan Bhatia
Moderators	Aditi Ghosh Dastidar, Kunal Mandlik, Ankita Raj
Panelists	Ashraful Huq Ridoy, Rajat Jain, Ritin Goel , Tushar Grover, Rushad Shroff, Nikunj Tank, Ellaine Diaz, Sureka Ramnarain , Jessica Daza
Chief Guest	Prafulla Kumar Maharana

DOS Session

11/07/26
03:00 PM - 3:55 PM
Hall - Stage 1 (Silent Hall)

Chairpersons	M Vanathi, Namrata Sharma, Subhash Dadeya
Co-Chairperson	Dewang Angmo
Convenor	Anu Malik
Co-Convenor	Gagan Bhatia
Moderators	Alkesh Chaudhary, Rajendra Prasad
Panelists	Pankaj Varshney, Anil Tanwar, Gunjan Budhiraja, Pankaj Ranjan

This session offers a practical, case-based approach to mastering ophthalmic diagnostics and managing surgical challenges. Experts will simplify the interpretation of OCT, B-scan, UBM, corneal topography, Pentacam, specular microscopy, and glaucoma investigations, while also sharing essential strategies for handling phaco complications and rescuing complex IOL-related situations.

SN	Title	Speaker	Duration
1	<i>FTPC-774</i> Seeing Beyond the Fundus: Practical Approach to OCT & B-Scan	Aman Khanna	7
2	<i>FTPC-775</i> Anterior Segment Imaging Unplugged: OCT & UBM Essentials	Puneet Jain	7

Dry Eye Recent Advances

11/07/26
12:30 PM - 12:55 PM
Hall - Hall 5

Chairperson	Samita Moolani
Moderator	Arnav Singh Saroya
Panelists	Yugandhara Patade, Ekta Sain, Jophy Philips Cherry

The session will explore recent developments in disease pathophysiology, emerging diagnostic technologies, and advances in both pharmacological and non-pharmacological management strategies. Experts in the field will discuss current evidence, novel therapeutic options, and practical approaches to managing complex and refractory cases. Emphasis will be placed on translating research findings into clinical practice to enhance patient care. The session offers an excellent opportunity for clinicians, researchers, and trainees to gain insights into improving outcomes for patients with dry eye disease

SN	Title	Speaker	Duration
1	<i>FTPC-760</i> Role of Sodium Hyaluronate and Trehalose Eye Drops in Dry Eye Management (JB- A Torrent Group Company Sponsored Session)	Niranjan Karthik Senthil Kumar	8

General Ophthalmology & Ocular Systemic Diseases

10/07/26
11:00 AM - 11:55 AM
Hall - Stage 3 (Silent Hall)

Moderators	Gulstan Abilova, Mukhiddinova Madinabonu, Aykhan Maharramov
------------	---

The session features original research and clinical studies addressing a broad spectrum of ophthalmic conditions and their systemic associations. The session highlights advancements in diagnosis, management, multidisciplinary care, and patient outcomes, fostering the exchange of knowledge and promoting a holistic approach to eye health and systemic disease.

SN	Title	Speaker	Duration

General Ophthalmology - Refractive, Ocular Surface & Emergency

12/07/26
12:00 PM - 12:55 PM
Hall - Hall 8

Moderator	Lipi Mittal
Panelists	Aadithreya Varman, Shilpa Ghosh

This session brings together diverse yet impactful topics that shape everyday ophthalmic practice. From the journey of mastering LASIK and evidence-based management of acute chemical injuries to contemporary perspectives on pneumatic retinopexy for retinal detachment repair, speakers will share practical insights, surgical pearls, and real-world lessons for young ophthalmologists

GFG:VAST – Glaucoma Surgical Session

12/07/26
10:00 AM – 10:55 AM
Hall – Stage 3 (Silent Hall)

Moderator	Arshi Singh
Panelists	Prasanna Venkatesh Ramesh, Neha Midha, Mainak Bhattacharyya, Annu Joon, Nitika Beri

This session provides a comprehensive update on contemporary glaucoma surgery. Experts will discuss emerging drug delivery systems, the scientific principles of trabeculectomy, management of surgical complications, glaucoma drainage devices, tube surgery troubleshooting, and the evolving role of MIGS. Through practical discussions and surgical insights, participants will gain confidence in selecting and executing the right intervention for every glaucoma patient.

Glaucoma - Diagnostics, Medical Management & Secondary Glaucoma

12/07/26
12:00 PM - 12:55 PM
Hall - Hall 7

Moderator	Himanshi Yadav
Panelist	Mukesh Paryani

This session delivers practical insights into the diagnosis and management of diverse glaucoma subtypes. Topics include integrating gonioscopy into routine practice, selecting appropriate candidates for MIGS, optimizing medical therapy, and managing challenging conditions such as pigment dispersion and neovascular glaucoma. Participants will gain evidence-based strategies for informed clinical decision-making across the glaucoma spectrum.

SN	Title	Speaker	Duration

Level Up Monday

11/07/26
03:00 PM - 3:55 PM
Hall - Stage 4 (Silent Hall)

Legacy Levels	Arup Chakrabarti, Deepti Joshi, Harshul Tak, Rakesh shakya, Samaresh Srivastava, Shrinivas Joshi, Sonu Goel, Sima Das, Anita Sethi
Pro Levels	Aarti Heda, Anadi Khatri KC, Chhavi Gupta, Devesh Kumawat, Gazella Bruce Warjri, John Davis Akkara, Obaidur Rehman, Pallavi Singh, Pranita Sahay, Rakhi D'Cruz, Zain Irfan Khatib, Yashdeep Das, Shamim Nawase, Uzziel Lutchman, Jirat Suwanwatana, Nazrina Gadzhieva
Session Organizers	Rolika Bansal, Lipi Mittal, Abhijaat Chaturvedi, Anujeet Paul

Welcome to the Level Up Series—a platform dedicated to learning beyond textbooks and nurturing the next generation of ophthalmic leaders. Through engaging discussions, practical insights, and meaningful mentor interactions, this series aims to inspire curiosity, strengthen skills, and broaden perspectives.

As we learn from those who have walked the path before us, may each session empower us to grow, lead, and strive for excellence.

Let's learn. Let's lead. Let's level up.

Lights, Reflex, Action: Masterclass on Retinoscopy

11/07/26
09:00 AM- 09:55 AM
Hall - Hall 12 (Wetlab)

Chairperson	JS Bhalla
Moderators	Prasanna Venkatesh Ramesh, Lipi Mittal, Aparajita Shukla, Madhumita Raut

SN	Title	Speaker	Duration
1	FTPC-336 Hands-on Module TBD	Blanche Van Rooyen	55

Mastering the Fine Points of Cataract and Refractive Surgery

12/07/26
09:00 AM - 09:55 AM
Hall - Stage 3 (Silent Hall)

Moderator	Zain Irfan Khatib
Panelists	Nikunj Tank, Aadithreya Varman

This session highlights practical aspects of modern refractive and cataract surgery, focusing on challenging clinical scenarios, postoperative corneal remodelling, and advanced topography-guided treatments. Experts will share innovative surgical techniques, lessons from real-world cases, and strategies to enhance precision, safety, and visual outcomes in contemporary refractive practice.

SN	Title	Speaker	Duration
1	<i>FTPC-769</i> Teething Issues in Refractive Surgery: Interesting Cases	Yash Gala	8
2	<i>FTPC-770</i> Epithelial Remodelling After Refractive Surgery	Gargi Wavikar	8

	Discussion		5

Meerut Ophthalmological Society Session

12/07/26
10:00 AM - 10:55 AM
Hall - Hall 9

Chairpersons	Sandeep Mithal, Shishir Agarwal
Moderators	Karan Bhatia , Gargi Nagpal, Swati Agarwal
Panelists	Alka Gupta, Rajinder Trishal, Suman Bhartiya, Kirti Jain, Priyanaka Singh, Amit Garg, Lokesh Singh, Jitendra Adhana, Jeenu Priya, Kophal Mithal, Priyanka Jain, Anmol Bansal, Geeta Chauhan, Shakeel Ahmad

This session presents challenging real-world scenarios that test clinical judgment and surgical skill. From rapidly progressive corneal disease and therapeutic keratoplasty to lens-induced glaucoma, complex ptosis, and pterygium management, speakers will share practical approaches to preserving vision, optimizing outcomes, and navigating some of the most demanding situations in ophthalmic practice.

Mixed: Retinopexy, Ocular TB, Neuro, Medicolegal & Emergency

12/07/26
12:00 PM - 12:55 PM
Hall - Hall 10

Moderator	Naman Sahni
Panelists	Jeenu Priya , B Anugraha

This session addresses high-stakes ophthalmic conditions requiring timely diagnosis and management. Experts will discuss pneumatic retinopexy, proliferative vitreoretinopathy, challenging presentations of ocular tuberculosis, neuro-ophthalmic emergencies, and the medicolegal implications of retinopathy of prematurity. Through practical case-based discussions, participants will gain valuable insights into managing complex clinical scenarios with confidence.

SN	Title	Speaker	Duration

Neuro-Ophthalmology, Pediatric Ophthalmology & Strabismus

10/07/26
10:00 AM - 10:55 AM
Hall - Hall 8

Moderators	Murat Baikhadamov, Valishin Iskander, Gulnar Aliyeva
------------	--

The session features original research and clinical insights spanning visual pathway disorders, pediatric eye diseases, and ocular motility abnormalities. The session highlights advancements in diagnosis, management, surgical outcomes, and patient care, providing a platform for knowledge exchange and fostering academic discussion across these diverse and evolving subspecialties.

Ocular Oncology Session

11/07/26
2:00 PM - 02:55 PM
Hall - Stage 4 (Silent Hall)

Chairperson	Bhawna Chawla
Moderator	Chhavi Gupta
Panelists	Sima Das, Rolika Bansal, Puneet Jain, Sahil Agrawal, Jyoti Batra

This session explores contemporary advances in ocular oncology and orbital disease, covering eyelid tumors, ocular surface squamous neoplasia, retinoblastoma, and rare orbital lesions. Through expert insights and illustrative cases, speakers will highlight evolving diagnostic strategies, modern management approaches, and the importance of recognizing uncommon conditions masquerading as common disorders.

Ocular Surface Session: Stevens-Johnson Syndrome (SJS) - Instruction Course

11/07/26
10:00 AM - 10:55 AM
Hall - Stage 3 (Silent Hall)

Chairperson	Chirag Mittal
Moderators	Aditi Ghosh Dastidar, Sunandini Bose
Panelists	Mary Ellaine Diaz, Ikeda Lal, Chirag Mittal, Anu Malik, Aditya Pradhan, Karan Bhatia

This session provides a multidisciplinary overview of Stevens–Johnson Syndrome, covering its pathophysiology, ocular manifestations, and evolving treatment strategies. Experts will discuss medical therapy, the role of immunosuppressants, surgical management across acute and chronic stages, and oculoplastic interventions aimed at preserving vision, ocular surface integrity, and quality of life.

SN	Title	Speaker	Duration
1	<i>FTPC-417</i> Stevens–Johnson Syndrome: Pathophysiology & Ocular Involvement	Pragya Ahuja	6
2	<i>FTPC-419</i> Medical Management and Role of Immunosuppressants in SJS	Isha Chowdhary	8

Oculoplastic Surgery & Ocular Trauma

11/07/26
04:00 PM - 4:55 PM
Hall - Hall 10

Moderators	Khaidarov Zarif Botirdzhonovich, Almaz kyzy Aisuluu
------------	---

This session brings together renowned international experts to discuss contemporary concepts, innovative surgical techniques, and emerging trends in oculoplastic surgery and ocular trauma management. The session will cover a wide spectrum of topics, including eyelid and orbital disorders, lacrimal surgery, facial aesthetics, trauma reconstruction, and multidisciplinary approaches to complex cases. Through expert lectures, clinical insights, and case-based discussions, participants will gain practical knowledge on diagnosis, surgical planning, and management strategies. The session aims to enhance clinical expertise, foster global academic collaboration, and improve patient outcomes in oculoplastic and trauma care.

Oculoplasty Focus Group

11/07/26
11:00 AM - 11:55 AM
Hall - Stage 3 (Silent Hall)

Chairperson	A K Grover
Moderator	Rolika Bansal
Panelists	Hasanova Gunel, Carita Van Rooyen, Mukesh Yadav, Praveen Mongre, Anita Sethi

This session offers a practical and comprehensive update on oculoplasty. Experts will share surgical pearls for external and endonasal DCR, innovative approaches to complex ptosis, management of orbital fractures, advances in thyroid eye disease, and the expanding role of autologous fat grafting in restoring function, aesthetics, and ocular health.

SN	Title	Speaker	Duration

	Discussion		15

OSWB Session

11/07/26
03:00 PM - 3:55 PM
Hall - Hall 8

Chairperson	Partha Biswas
Moderators	Shibashis Das, Anujeet Paul
Panelists	Rupak Kanti Biswas, Rudra P Ghosh, Aniruddha Maiti, Maneesh Singh, Karan Bhatia

This session explores advanced strategies for managing difficult cataract cases and intraoperative challenges. Topics include cataract surgery in subluxated lenses, techniques for salvaging compromised capsular support, iris claw and specialty IOL implantation, and approaches to cataract surgery in eyes with corneal scarring, emphasizing surgical planning and problem-solving skills.

SN	Title	Speaker	Duration

Perfecting Phaco Chop: Improving Safety, Efficiency, and Control

10/07/26
12:00 PM - 12:55 PM
Hall - Stage 2 (Silent Hall)

Moderator	Tushya Om Parkash
-----------	-------------------

This session focuses on advancing phaco chop proficiency across varying cataract complexities. Topics include stepwise chopping strategies tailored to different nuclear grades, optimization of techniques in challenging scenarios such as small pupils, zonular weakness, and dense cataracts, and the integration of virtual and augmented reality training modules to enhance surgical skill acquisition and precision.

SN	Title	Speaker	Duration
1	<i>FTPC-1069</i> Mastering the Baby Steps of MIGS for Cataract Surgeons: Decoding Goniotomy - BANG, KDB, MHG & Suture GATT Explained -Keynote	Amit Porwal	10
2	<i>FTPC-935</i> Stepwise Approaches to Phaco Chop Across Different Nuclear Grades	Tushya Om Parkash	15

Practice Management

11/07/26
2:00 PM - 02:55 PM
Hall - Stage 1 (Silent Hall)

Chairperson	Alkesh Chaudhary
Co-Chairpersons	Rishiraj Singh, Zain Irfan Khatib
Convenors	Asmita Patne, Praneesh Ravi
Moderator	Sunandini Bose
Panelists	Abhijaat Chaturvedi, Tejsu Singh Malla

This session focuses on the essential non-clinical skills that drive a thriving ophthalmology practice. Experts will discuss patient communication, counseling for premium procedures, digital healthcare integration, referral-building strategies, quality accreditation, and practice development across subspecialties, empowering young ophthalmologists to build sustainable, patient-centered, and future-ready careers.

Rapid Fire Cases - Clinical Cases

11/07/26
04:00 PM - 4:55 PM
Hall - Hall 5

Moderator	Ghita Lahlou
Panelists	Nazrina Gadzhieva, Klara Cenkova, Atanas Bogoev

This session presents a diverse collection of intriguing clinical cases spanning cornea, glaucoma, cataract surgery, ocular trauma, and anterior segment disorders. Through real-world scenarios, speakers will explore diagnostic challenges, innovative management strategies, and valuable clinical lessons, emphasizing critical thinking and individualized approaches to complex ophthalmic presentations.

SN	Title	Speaker	Duration

Rapid Updates on Childhood Myopia and Amblyopia

11/07/26
04:00 PM - 4:55 PM
Hall - Hall 8

Moderators	Shruti Nishanth, Aditya Sethi
Panelists	Shayana Bhumbala, Yash Gala

Pediatric Vision Care: Myopia, Amblyopia and Beyond: This session focuses on contemporary challenges in pediatric ophthalmology, from spectacle prescribing and myopia control to the management of amblyopia and digital eye strain. Experts will discuss evolving treatment strategies, genetic associations in high myopia, innovative digital therapies, and practical approaches to optimizing visual outcomes in children.

SN	Title	Speaker	Duration
1	<i>FTPC-467</i> Glass Prescription in Children	Vibha Singh	6
2	<i>FTPC-468</i> Myopia Management in Children: What are We Missing ?	Rishiraj Singh	6

	Discussion		10

Retina - Medical Retina: DR, Macular & Imaging Diagnostics

12/07/26
09:00 AM- 09:55 AM
Hall - Stage 4 (Silent Hall)

Moderator	Tushar Agrawal
Panelists	Gaganjeet Singh Gujral, Isha Acharya

This session provides a practical overview of common and vision-threatening retinal disorders. Experts will discuss screening and management of diabetic retinopathy and diabetic macular edema, retinal vein occlusions, myopic CNVM, and retinal detachment with macular hole. The role of multimodal imaging, including fundus autofluorescence, will be highlighted to enhance diagnosis and clinical decision-making.

SN	Title	Speaker	Duration
1	<i>FTPC-146</i> Screening of diabetic retinopathy,DME,TRD ,Vein occlusions,WET AMD SECONDARY TO MYOPIC CNVM	Sindhuja Srinivasan	8
2	<i>FTPC-024</i> Preferred Practice Pattern in DME	Ananya Goswami	8
3	<i>FTPC-166</i> Eyes are the mirror of the soul	Kanwaljeet Harjot Madan	8
4	<i>FTPC-189</i> Role of Fundus Autofluorescence in retinal diseases	Tushar Agrawal	8
5	<i>FTPC-007</i> Myopic RD with macular hole-	Aaditi Anilkumar	8
	Discussion		15

Retina, Uveitis & Posterior Segment

11/07/26
08:00 AM- 8:55 AM
Hall - Hall 5

Moderators	Amina Abdullayeva, Naci Erturk, Abdukadirova Ikbol Kamaldjanovna
------------	--

This session explores complex vitreoretinal and uveitic disorders through intriguing case reports, surgical challenges, and evolving treatment strategies. Topics include inherited retinal disease, diabetic macular edema, age-related macular degeneration, retinal detachment, ocular Behçet's disease, optic nerve vasculitis, and unexpected intraoperative discoveries, highlighting the art of clinical decision-making.

SN	Title	Speaker	Duration
1	<i>FTPC-798</i> Case Report : Gyrate Atrophy	Laman Abdullayeva	6
2	<i>FTPC-799</i> Antiproliferative Therapy Of Wet Age-Related Macular Degeneration With Epidermal Growth Factor Receptor Inhibitors: An Experimental Study	Valishin Iskander	6
3	<i>FTPC-800</i> Challenging Cases In Vitreoretinal Surgery: When Strategy Makes The Difference	Tadzhibaev Bobirzhon Moidinovich	6
4	<i>FTPC-801</i> Efficacy of Bevacizumab In Clinically Significant Macular Edema In Patients With Diabetic Retinopathy	Amonshoeva Farzona	6
5	<i>FTPC-802</i> Challenging Cases Of Rhegmatogenous Retinal Detachment: Surgical Management And Outcomes	Babayeva Dilara	6
6	<i>FTPC-803</i> An Atypical Presentation of Ocular Behçet's Disease	Aynur Ismayilova	6
7	<i>FTPC-804</i> Challenging Diagnosis Of Optic Nerve Vasculitis In A Complex Clinical Setting	Mukhiddinova Madinabonu Sardor Kizi	6
8	<i>FTPC-805</i> Mysterious Discovery During Pars Plana Vitrectomy	Gunay Zeynalova	6
	Discussion		7

Strabismus & Paediatric Cataract: Basics and Beyond

11/07/26
09:00 AM- 09:55 AM
Hall - Stage 2 (Silent Hall)

Moderators	Aditya Sethi, Smita Kapoor
------------	----------------------------

This session provides a practical update on the diagnosis and management of strabismus and pediatric eye disorders. Experts will discuss sensory-motor evaluation, decision-making in common and complex strabismus scenarios, management of cranial nerve palsies, advances in strabismus surgery, and essential considerations in the preoperative assessment of pediatric cataract.

SN	Title	Speaker	Duration
1	<i>FTPC-353</i> Sensory Motor Evaluation of Strabismus	Shweta Dhiman	6
2	<i>FTPC-463</i> Intermittent Exotropia: Not So Intermittent in Practice? Decision-Making Simplified	Divya Choudhary	6
3	<i>FTPC-464</i> Acquired Esotropia and It's Clinical Implications	Ashima Goyal Sharma	6
4	<i>FTPC-465</i> Management of 6th Nerve Palsy	Smita Kapoor	6
5	<i>FTPC-466</i> Surgical Management of Superior Oblique Palsy	Sayali Shaha	6
6	<i>FTPC-478</i> Innovations in Strabismus surgery.	Shruti Nishanth	6
7	<i>FTPC-479</i> Pre-Operative Workup of Paediatric Cataract	Venu Muralidhar	6
	Discussion		10

The Creator Series Finale

11/07/26
2:00 PM - 02:55 PM
Hall - Hall 11

Moderators	Zain Irfan Khatib, Lipi Mittal, Shreya Jain
Panelists	Harshul Tak, Sudhir Srivastava

The Creator Series Finale is the grand culmination of a five-part learning journey on AI, video editing, graphic design, animation, and presentation mastery. Through an interactive workshop format, participants will integrate these skills to create impactful educational and professional content, empowering them to become the next generation of ophthalmic digital creators.

SN	Title	Speaker	Duration
1	FTPC-294 Creator segment / talk	Lipi Mittal	6
2	FTPC-292 Creator segment / talk	Zain Irfan Khatib	6
3	FTPC-297 Creator segment / talk	Kshitij Raizada	6
4	FTPC-296 Creator segment / talk	Shreya Jain	6

The Great Fellowship Debate

10/07/26
04:00 PM - 4:55 PM
Hall - Hall 5

Chairpersons	Radhika Natrajan, Savio Pereira
Co-Chairperson	Anu Malik
Panelists	Dolgorjav Enkhjargal, Alaa Mohamed Ahmed Saleh
Judges	Aditi Ghosh Dastidar, Prerna Garg, Gunjan Budhiraja, Ankita Raj, Ghita Lahlou, Yna Montesines

A dynamic and thought-provoking debate exploring the most important career decisions in ophthalmology. Experts will spar over fellowship versus direct practice, depth versus diversity in training, generalist versus superspecialist pathways, senior residency versus fellowship, and India versus overseas fellowships, empowering young ophthalmologists to make informed career choices.

SN	Title	Speaker	Duration
1	<i>FTPC-407</i> Round 1 - Is Skipping Fellowship a Career Risk? YES: No fellowship = limited growth & credibility (FOR)	Abhimanyu Sharma	4
2	<i>FTPC-411</i> Round 1 - Is Skipping Fellowship a Career Risk? NO: Real-world practice beats structured fellowships (AGAINST)	Anurag Majumdar	4
3	<i>FTPC-412</i> Round 2 - Depth vs Diversity: Single Long-Term Fellowship: Mastery & Consistency (FOR)	Yugandhara Patade	4
4	<i>FTPC-416</i> Round 2 - Depth vs Diversity: Multiple / Sandwich Fellowship: New Age Fellowship (AGAINST)	Nidhi Tomar	4
5	<i>FTPC-418</i> Round 3 - Generalist vs Superspecialist: Comprehensive Ophthalmology – Versatility (FOR)	Nandita Trivedi	4
6	<i>FTPC-420</i> Round 3 - Generalist vs Superspecialist: Specialty Fellowship – Niche Dominance (AGAINST)	Samhitha HR	4
7	<i>FTPC-423</i> Round 4 – Training Ground: Senior Residency – High Volume, Independence (FOR)	Arshi Singh	4
8	<i>FTPC-425</i> Round 4 - Training Ground: Fellowship – Structured Learning, Mentorship (AGAINST)	Vinoth Arunachalam	4
9	<i>FTPC-428</i> Round 5 - India vs Abroad: Abroad Fellowships – Exposure, Technology, Prestige (FOR)	Rolika Bansal	4

SN	Title	Speaker	Duration
10	<i>FTPC-432</i> Round 5 - India vs Abroad: India Fellowships - Volume, Relevance, Faster Independence (AGAINST)	Amrita Vidushi Bajaj	4
	Discussion		15

Uvea

11/07/26
12:00 PM - 12:55 PM
Hall - Hall 7

Moderator	Tanya Jain
Panelists	Iroshan Mendis, Kavitha Naidu, Gunay Zeynalova

This fast-paced, practical session distills the essentials of uveitis into memorable clinical takeaways. From recognizing key anterior and posterior uveitis patterns to avoiding common steroid pitfalls, selecting meaningful investigations, identifying infectious causes, and spotting masquerade syndromes, participants will gain actionable strategies to improve diagnostic accuracy and patient outcomes.

SN	Title	Speaker	Duration
1	<i>FTPC-521</i> 5 Signs You Should NEVER Miss in Anterior Uveitis	Pallavi Goel	7
2	<i>FTPC-522</i> 5 Posterior Uveitis Patterns You Must Recognize Instantly	Tanya Jain	7
3	<i>FTPC-523</i> 5 Infectious Uveitis Diagnoses You Can't Afford to Miss	Amruta More	7
4	<i>FTPC-525</i> 5 Steroid Mistakes in Uveitis (and How to Avoid Them)	Amani Sakinah Augiani	7

Vitreoretinal Surgery I - Diabetic VR, Complex Surgery & Endophthalmitis

12/07/26
11:00 AM - 11:55 AM
Hall - Stage 2 (Silent Hall)

Moderator	Ridham Nanda
Panelists	Harshal Sahare, R Hemanth

This session explores difficult scenarios in medical and surgical retina, including the management of large subretinal hemorrhages, diabetic vitrectomy techniques, retinal detachment following refractive surgery, and endogenous endophthalmitis. Through case-based discussions and clinical experiences, speakers will highlight diagnostic challenges, surgical decision-making, and strategies for achieving optimal visual outcomes.

Vitreoretinal Surgery II - RD, Foreign Bodies, PVR & HCQ

12/07/26
10:00 AM - 10:55 AM
Hall - Hall 10

Moderator	Shouvick Dan
-----------	--------------

This session focuses on the evaluation and management of sight-threatening ophthalmic conditions. Experts will discuss the approach to postoperative hypopyon following cataract surgery, strategies for managing complex intraocular foreign bodies, and current recommendations for hydroxychloroquine retinopathy screening, emphasizing timely diagnosis, multidisciplinary care, and preservation of visual function.

YO's Toolkit for Potential Medicolegal Challenges

11/07/26
12:00 PM – 01:15 PM
Hall – Stage 2 (Silent Hall)

Chairpersons	Anant Deshpande, Gangadhara Sundar
Moderators	Deepanshu Agrawal, Piyali Konar
Panelists	Aashish Raj Pant, Jinia Hasan

This session equips ophthalmologists with essential knowledge to navigate today's evolving medicolegal landscape. Experts will discuss handling legal notices, effective communication, documentation practices, expert medical opinions, ocular trauma, medical tourism, workplace regulations, social media conduct, and risk management strategies to enhance professional safety from clinic to operating theatre.

SN	Title	Speaker	Duration
1	<i>FTPC-319</i> Received a Legal Notice: What to Do? (Keynote)	Anant Deshpande	5
2	<i>FTPC-321</i> Communication: The Crucial Link to Prevent Medicolegal Issues	Koushik Tripathy	5
3	<i>FTPC-323</i> Expert Medical Opinion: How to Write One and How to Defend One	Piyali Konar	5
4	<i>FTPC-325</i> Medical Tourism and Ophthalmic Surgery – Cross-Border Liability	Subhratanu Chakrabarty	5
5	<i>FTPC-328</i> Medicolegal Aspects of Ocular Trauma	Prateek Nishant	5
6	<i>FTPC-329</i> How to Document Patient Refusal, Non-Compliance, and Loss to Follow-Up	Charu Sagar	5
7	<i>FTPC-332</i> Medicolegal Implications of the POSH 2023 Act	Aarti Heda	5
8	<i>FTPC-333</i> Medicolegal Safety in Ophthalmology: From OPD to Operation Theatre	Manika Sharma	5
9	<i>FTPC-330</i> Social Media: A Double-Edged Sword for Ophthalmologists	Ritu Singh	5
	Discussion		10

YOSI Journal Club Session

11/07/26
2:00 PM - 02:55 PM
Hall - Stage 2 (Silent Hall)

Chairpersons	Niranjan Karthik, Gangadhara Sundar, Prasanna Venkatesh Ramesh
Moderators	Shreya Jain, Ritu Singh
Panelists	Anujeet Paul, Ayushi Agarwal, Ankit Chandra

This session equips young ophthalmologists with the skills to confidently interpret and apply medical literature. Through practical discussions on research methodology, critical appraisal, journal club presentations, common pitfalls in scientific publications, and the interpretation of biostatistics and p-values, participants will learn to translate evidence into informed clinical practice.

SN	Title	Speaker	Duration
1	<i>FTPC-622</i> From Abstract to Action: How to Read a Research Paper Without Getting Lost	Ankit Chandra	8
2	<i>FTPC-623</i> Reading between the lines: How Research Papers Mislead Clinicians	Simmy Chaudhary	8
3	<i>FTPC-625</i> Journal Club presentation	Vasmiya T	8

YOSI Ophthalmic Emergency & Trauma Session

10/07/26
12:00 PM - 12:55 PM
Hall - Stage 1 (Silent Hall)

Chairperson	Gangadhara Sundar
Co-Chairpersons	Mehul Shah, Shreya Shah
Moderators	Aarti Heda, Deepanshu Agrawal
Panelists	Karan Bhatia, Koushik Tripathy, Anujeet Paul, Anjali Agrawal, Shweta Marathe

This session explores the spectrum of ocular trauma management, emphasizing the critical first hour of intervention, surgical approaches for traumatic cataracts, diagnosis and treatment of post-traumatic endophthalmitis, management strategies for iridodialysis, and evaluation of post-traumatic strabismus. Together, these topics highlight timely, comprehensive care to optimize visual outcomes.

SN	Title	Speaker	Duration

Unplanned Mishaps : When u r stuck in VR surgery- What's next - A Video Based IC

12/07/26
12:00 PM - 12:55 PM
Hall - Stage 3 (Silent Hall)

Moderator	Vidhata Vidhu
Panelists	Vinod Agarwal, Awaneesh Upadhyay, Kartikey Singh, Vaibhav Sethi

Welcome to our interactive surgical video module, a dynamic session designed to test your clinical decision making. We will showcase compelling, real world surgical cases, pausing at critical junctures to ask delegates: "What is your next step?" This open house format fosters lively, peer to peer discussions, allowing attendees to share insights, debate techniques, and explore alternative approaches to complex challenges. Furthermore, we actively invite you to bring your own challenging case videos to the floor. Engage with experts, troubleshoot difficult scenarios, and refine your surgical strategies in this collaborative, high yield learning environment. Join us to elevate your expertise.

My Experience with Faricimab in nAMD

12/07/26
11:00 AM - 11:55 AM
Hall - Stage 3 (Silent Hall)

Moderator	Bhuwan Chanana
Panelists	Anshu Arora, Awaneesh Upadhyay

SN	Title	Speaker	Duration
1	FTPC-893 Roche Sponsor Talk - My Experience with Faricimab in nAMD.	Pratibha Hande	10

3	FTPC-891 Roche Sponsor Talk - My Experience with Faricimab in nAMD	Rohini Grover	10

Workshop

YOSI Future Leaders Academy - Graduation

10/07/26
2:00 PM - 02:55 PM
Hall - Hall 6

Chairpersons	Namrata Sharma, Brgd SK Mishra, Mohita Sharma, Marcus Ang, Ganagadhara Sundar, Vivek Dave
Panelists	Diva Kant Misra, Sonal Kalia, Karan Bhatia, Nilesh Kumar, Prasanna Venkatesh Ramesh, Aditya Sethi, Gunjan Budhiraja, Bhavya Gokani, Puneet Jain, Jerusha John

SN	Title	Speaker	Duration
1	FTPC-898 Kick off for Graduation Ceremony	Diva Kant Misra	3
2	FTPC-899 Project VISY: Visionary Initiatives for Strengthening Young Ophthalmologists	Abhijaat Chaturvedi	3
3	FTPC-900 PhacoCraft 2026, SICS Training for YOs, School Screening in Children	Ankit Gupta	3
4	FTPC-901 YOSI Grassroots Initiative	Anurag Kumar Kashyap	3
5	FTPC-902 Bridging the Gap: A Structured Mentorship & Guidance Platform for MBBS Graduates Entering Ophthalmology	Arnav Singh Saroya	3
6	FTPC-903 Empower-YO's	Ridham Nanda	3
7	FTPC-905 YES Exam Accelerator	Samhitha HR	3
8	FTPC-904 Myopia Awareness & Progress Tracking Chart	Saamragye Srivastava	3
9	FTPC-907 PhacoCraft 2026.	Shilpa Ghosh	3
10	FTPC-906 PhacoCraft 2026	Sauvik Barua	3
11	FTPC-908 Iris Rise: Supporting Women Ophthalmologists in Returning to Practice	Varsha G Balamgi	3

Graduation Certificate distribution to all the graduates.

Top 3 Capstone Projects will be invited to **the Inauguration ceremony** for felicitation.

FLA Interactive Session

11/07/26
02:00 PM - 03:55 PM
Hall - Hall 6

Panelists	Divya Kant Misra, Arup Chakraborty, Abhijaat Chaturvedi, Aadithreya Varman, Ashish Markan, Apoorva Ayachit, Rolika Bansal, Sunandini Bose, Nikunj Tank, Rakhi D'Cruz, Ritika Gaur, Karan Bhatia, Niles Kumar, Prasanna Venkatesh Ramesh, Jerusha John, Ray Lin
-----------	---

Theme of Session:

Leadership Under Pressure:

Members Pre-Divided in Various Teams: YOSI Capstone Cohorts (10 teams).

1. Team Venkataswamy: Founded the Aravind Eye Care System and revolutionized high-volume, low-cost cataract surgery worldwide.
2. Team Badrinath: Founded Sankara Nethralaya and transformed tertiary eye care, research, and education in India.
3. Team Daljit Singh: Introduced intraocular lens implantation in India in 1976 and pioneered modern cataract surgery.
4. Team Perugu Siva Reddy: Established India's first eye bank and made enormous contributions to community ophthalmology.
5. Team MP Mehray: pioneering Indian ophthalmologist celebrated for founding the Sitapur Eye Hospital.
6. Team Vikram Dhaliwal: Indian YO known for his work in cataract surgery, particularly Manual Small Incision Cataract Surgery (MSICS), phacoemulsification, and oculoplasty.
7. Team AK Khurana: Author of the textbook Comprehensive Ophthalmology, which has been the standard undergraduate ophthalmology textbook for MBBS students across India for decades.
8. Team PS Hardia: Performed over 515,000 eye surgeries between 1966 and 1999, earning a Guinness World Record for the highest number of eye operations performed by an individual surgeon. Awarded the Padma Shri in 2019.
9. Team Jaiveer Agarwal: Founder of Dr. Agarwal's Eye Hospital and Padma Bhushan awardee who advanced refractive and cataract surgery.
10. Team Budhendra Kumar Jain: Padma Shri awardee who expanded affordable rural eye care through Sadguru Netra Chikitsalaya, Chitrakoot.

Teams will be given on-the-spot pressure challenges.

Format: Team Challenges.

Preparation time of 10-15 minutes.

Discussion of the Panel with various teams.

FLA Interactive Session

12/07/26
11:00 AM - 11:55 AM
Hall - Hall 5

Panelists	Divya Kant Misra, Ashish Sharma, Karan Bhatia, Nilesh Kumar, Prasanna Venkatesh Ramesh, Abhijaat Chaturvedi, Zain Irfan Khatib, Arshi Singh, Karthikeyan Mahalingam, Kartikey Singh, Lipi Mittal, Niranjana Karthik, Ritu Singh, Ayushi Agarwal
-----------	---

Theme of Session:

Future Leaders Simulation Challenge:

Members pre-divided in various teams: YOSI Capstone Cohorts (10 teams).

1. Team Venkataswamy: Founded the Aravind Eye Care System and revolutionized high-volume, low-cost cataract surgery worldwide.
2. Team Badrinath: Founded Sankara Nethralaya and transformed tertiary eye care, research, and education in India.
3. Team Daljit Singh: Introduced intraocular lens implantation in India in 1976 and pioneered modern cataract surgery.
4. Team Perugu Siva Reddy: Established India's first eye bank and made enormous contributions to community ophthalmology.
5. Team MP Mehra: pioneering Indian ophthalmologist celebrated for founding the Sitapur Eye Hospital.
6. Team Vikram Dhaliwal: Indian YO known for his work in cataract surgery, particularly Manual Small Incision Cataract Surgery (MSICS), phacoemulsification, and oculoplasty.
7. Team AK Khurana: Author of the textbook Comprehensive Ophthalmology, which has been the standard undergraduate ophthalmology textbook for MBBS students across India for decades.
8. Team PS Hardia: Performed over 515,000 eye surgeries between 1966 and 1999, earning a Guinness World Record for the highest number of eye operations performed by an individual surgeon. Awarded the Padma Shri in 2019.
9. Team Jaiveer Agarwal: Founder of Dr. Agarwal's Eye Hospital and Padma Bhushan awardee who advanced refractive and cataract surgery.
10. Team Budhendra Kumar Jain: Padma Shri awardee who expanded affordable rural eye care through Sadguru Netra Chikitsalaya, Chitrakoot. Teams will be receiving a major real-world simulation challenge well-in time before the annual conference.

All teams will be simulating that particular challenge in real-world scenario before the conference.

They must co-ordinate amongst themselves, strategize and will have to make a presentation (by a team-leader, from amongst and chosen by the members of the team) in this session. (Duration - 5 mins/team).

Format of the presentations:

- Vision
- Economics
- Execution strategy
- Impact metrics to be expected.

Presentations to be followed by panel discussion. (5 mins/team).

YOSI Exam Accelerator

12/07/26
10:00 AM - 10:55 AM
Hall - Hall 6

Chairperson	Anagha Heroor
Moderator	Samhitha HR

Discussion : 10 Mins

Synopsis: This session delivers a comprehensive update on the latest developments across major ophthalmic subspecialties. Experts will highlight recent advances in cataract and refractive surgery, cornea, glaucoma, retina, oculoplasty, ocular oncology, pediatric ophthalmology, and strabismus, providing participants with a concise overview of emerging technologies, evolving evidence, and changing clinical practice.

SN	Title	Speaker	Duration
1	<i>FTPC-719</i> Recent Advances in Cataract & Refractive	Aadithreya Varman	-
2	<i>FTPC-720</i> Recent Advances in Cornea	Shilpa Ghosh	-

AI Workshop

12/07/26
09:00 PM - 10:55 PM
Hall - Hall 7

Program Directors	Pranesh Ravi, John Davis Akkara, Prithvi Chandrakanth
-------------------	---

Beyond ChatGPT: Real-World AI in Autonomous Practice

Artificial Intelligence is no longer a futuristic concept—it is rapidly becoming an indispensable tool in clinical practice, education, research, administration, and innovation. This interactive workshop is designed to introduce ophthalmologists and trainees to practical, real-world applications of AI that extend far beyond conventional chatbot use.

Through live demonstrations and hands-on examples, participants will learn how AI can be leveraged to enhance academic writing, literature reviews, research planning, data analysis, presentation design, educational content creation, and patient communication. The workshop will also explore cutting-edge AI tools for generating images, posters, videos, websites, quizzes, podcasts, and other digital assets with minimal technical expertise.

Rather than focusing solely on prompt engineering, the session will emphasize complete AI-powered workflows that improve efficiency, creativity, and productivity in both clinical and non-clinical settings. Delegates will gain actionable insights into integrating AI into daily professional practice while understanding its opportunities, limitations, and ethical considerations.

By the end of the workshop, participants will be equipped with practical skills and resources to harness AI effectively, enabling smarter work, accelerated learning, and greater innovation in ophthalmology and beyond.

Don't Feel Left Out Workshop for Left-Handed and Ambidextrous Surgeons

11/07/26
09:00 PM - 12:55 PM
Hall - Hall 11

Chairpersons	Diva Kant Misra, Karan Bhatia, Madhu Shekhar, Rakesh Gupta
Co-Chairperson	Charisse Tanlapco
Moderators	Lipi Mittal, Anujeet Paul, Nilesh Kumar, Abhijaat Chaturvedi, Madhumita Raut
Panelists	Uma Meena, Sameeksha Agrawal, Yash Gala, Neeraj Shah, Sudhir Ghimire

SN	Title	Speaker	Duration
1	<i>FTPC-588</i> The Left-Handed Surgeon's Journey: From Struggle to Surgical Confidence	Charisse Tanlapco	10
2	<i>FTPC-584</i> Re-Engineering Phaco: Do We Need a Left-Handed Paradigm?	Madhu Shekhar	10
3	<i>FTPC-585</i> Ambidexterity	Rakesh Gupta	30
4	<i>FTPC-717</i> Learning Phaco as a Left-Handed Resident: Common Pitfalls & Hacks	Sudhir Ghimire	8

4	<i>FTPC-381</i> Clinical Pearls in Periocular Aesthetics	Puneet Jain	6
	Discussion		90

LVA Workshop

11/07/26
08:00 AM- 8:55 AM
Hall - Hall 11

Chairperson	Blanche Van Rooyen
Moderator	Vishwendra Pratap Singh Sisodia

This session provides a comprehensive overview of low vision care, from understanding and defining visual impairment to practical rehabilitation strategies. Experts will discuss low vision devices, smartphone-based assistive technologies, and real-world rehabilitation success stories, emphasizing individualized care pathways that empower patients to achieve greater independence and quality of life.

SN	Title	Speaker	Duration
1	IC-004 Understanding and defining Low vision	Vishwendra Sisodia	6
1	FTPC-019 Low Vision Devices and Rehabilitation Services	Shanmathi	8
2	FTPC-752 Smartphones as Low Vision Aids	Varsha	8
3	FTPC-753 From Challenge to Independence - Real Cases of Low Vision Rehabilitation	Alaa M Saleh	15
5	IC-004 One patient, one pathway	Gazella Bruce	8
6	IC-004 Discussion		10

OCT in Glaucoma- Workshop

11/07/26
04:00 PM - 4:55 PM
Hall - Hall 6

Moderator	Varsha G Belamgi
Panelists	Roshan Dev Yadav , Hussein Abbas Tayebji, Abhijay Luthra, Gaurav Gupta, Ekta Shaw

From Image Acquisition to Clinical Decision-Making: This session provides a practical deep dive into optical coherence tomography interpretation in everyday ophthalmic practice. Experts will discuss optic nerve head analysis, RNFL and GCIPL assessment, recognition of imaging artifacts, progression analysis, anterior segment OCT applications, and the integration of OCT findings into accurate, real-world clinical decision-making.

SN	Title	Speaker	Duration
1	<i>FTPC-356</i> ONH Analysis: From Disc to BMO-Based Metrics	Vishwendra Pratap Singh Sisodia	8
2	<i>FTPC-360</i> Beyond the Disc: Integrating RNFL and GCIPL	Swetha Buggareddigari	8
3	<i>FTPC-363</i> OCT Pitfalls: Recognizing Artifacts and Errors	Arshi Singh	8
4	<i>FTPC-364</i> Progression Analysis: When is Change Real?	Varsha G Belamgi	8
5	<i>FTPC-366</i> Clinical Integration: Real-World OCT Interpretation	Gazella Bruce	8
6	<i>FTPC-367</i> Anterior Segment OCT: Beyond Gonioscopy	Nimrita Nagdev	8
	Discussion		7

PLASTY LAB 2026: See It. Apply It. Nail It

11/07/26
04:00 PM - 4:55 PM
Hall - Hall 11

Coordinators	Rolika Bansal, Nupur Goel, Amrita Sawhney, Swati Agarwal
Faculty	Surabhi Shalini, Swati Agarwal, Deepsekhar Das, Neha Arora, Amrita Sawhney, Rolika Bansal, Deepanjali Arya, Puneet Jain, Rwituja Thomas, Tithi Kundu, Shachi Srivastava, Obaidur Rehman, Jyoti Batra Ohri, Sahil Agrawal, Anureet Kaur

Designed for YOs, this interactive workshop focuses on essential oculoplasty and orbital skills through practical demonstrations and guided learning. Participants will gain hands-on experience in lid suturing, ptosis and proptosis evaluation, lacrimal procedures, orbital imaging interpretation, and instrument handling. A perfect opportunity to build confidence, refine examination techniques, and master the fundamentals of oculoplasty and ophthalmic oncology practice.

SN	Title	Speaker	Duration
1	<i>FTPC-368</i> Suturing - Perfect Your Lid Closure	Station 1	6
2	<i>FTPC-369</i> Ptosis Evaluation - Measure Like a Pro	Station 2	6
3	<i>FTPC-370</i> Proptosis Evaluation - Exophthalmometry Decoded	Station 3	6
4	<i>FTPC-372</i> Orbital Imaging - Read CT/MRI Like a Boss	Station 4	6
5	<i>FTPC-373</i> Sac Syringing - Master the Lacrimal Drill	Station 5	6
6	<i>FTPC-374</i> Oculoplasty Instruments - Know Your Tools, Rule the OT	Station 6	6
	Discussion		20

The Research Blueprint: IJO-YOSI Research Skill Transfer Course

12/07/26
10:00 AM - 11:55 AM
Hall - Hall 11

Chairperson	M Vanathi
Convenors	Anujeet Paul, Lipi Mittal
Moderators	Kaveri Birla, Ritu Singh, Tanveer Kaur
Panelists	Nawazish Shaikh, Rolika Bansal, Deepanshu Agrawal, Prasanna Venkatesh Ramesh, Nihar Garg, Kelini Saolapurkar, Apurva Sthapak, Minh Trang Le, Dinda Zhafira, Murat Baikhadamov, Sanket Parajuli, Nischal Ghimire, Erika Jean A Salvame, Retaj Kamal Shehata Hammam

This comprehensive session guides young ophthalmologists through every stage of scientific publishing. Topics include research design, biostatistics, manuscript preparation, abstract writing, publication ethics, handling peer review and rejection, and publishing case reports, images, and letters. Through practical case-based examples, participants will gain the skills needed to transform research into impactful publications.

SN	Title	Speaker	Duration
1	<i>FTPC-263</i> Introduction to Publishing	Niranjan Karthik Senthil Kumar	12+3
2	<i>FTPC-266</i> Biostatistics: Understanding and Presenting Research Data	Yugandhara Patade	12+3
3	<i>FTPC-276</i> How to Write an Introduction, Framing a Paper and Methodology-Case Presentation	Mohd Afzal	7.5
4	<i>FTPC-277</i> How to Write an Introduction, Framing a Paper and Methodology-Case Presentation	Annirudh Gupta	7.5
5	<i>FTPC-766</i> How to Write and Present Results -Case Presentation	Neha Sudhakar	7.5

7	<i>FTPC-279</i> Framing an Abstract and Submitting to a Journal - Dealing with Rejection	Surbhi Agrawal	10
8	<i>FTPC-281</i> Publication Ethics	Uday Tekchandani	10

SN	Title	Speaker	Duration
9	<i>FTPC-282</i> Short Communications: Case Reports, Images, Letters to Editors	Prithvi Chandrakanth	10
10	<i>FTPC-283</i> How to Write a Case Report - Case Presentation	Sai Tejasvini Goplakrishnan	15
11	<i>FTPC-285</i> Publishing Ophthalmic Images & Letters - Case Presentation	Visudh	7.5
12	<i>FTPC-768</i> Publishing Ophthalmic Images & Letters -Case Presentation	Avani	7.5

Thesis Wet Lab

12/07/26
09:00 AM- 09:55 AM
Hall - Hall 11

Moderator	Kelini Saolapurkar
Panelists	Lin Jui Yen, Anadi Khatri KC
Teams	Mithun Thulasidas, Renu M

Station A (Instructor Renu) : How to Use Tools like Mendeley

Station B (Instructor Kelini) : How to Use Zotero

What delegates can do at this station :

1. Address Roadblocks,
2. Learn Tips and Tricks to Help You Power Through Your Thesis
3. Learn How to use This Tool From Scratch.

Station C (Mithun Thulasidas) : How to Fill a Data Sheet

What Delegates Can Gain at This Station :

1. How to Understand if Your Data is Normally Distributed or Not
2. How to Select Appropriate Tests for Data Analysis
3. How to Fill a Data Sheet

This will help delegates to develop better communication with the biostatistician and also make better sense of the Analysed data Received after statistical analysis.

Visual Fields Masterclass

10/07/26
04:00 PM - 4:55 PM
Hall - Hall 6

Panelists	Zakia Sultana Shahid, Jerusha John, Digvijay Singh
-----------	--

This masterclass provides a comprehensive approach to visual field interpretation, from essential pre-test quality checks to advanced clinical decision-making. Experts will explore macular vulnerability, compare portable and conventional perimetry, address OCT-visual field discordance, and discuss common diagnostic pitfalls, helping clinicians improve accuracy and avoid overdiagnosis of glaucoma.

BeYOND the Scope: Uncovering 'I's That Inspire

10/07/26
11:00 AM - 11:55 AM
Hall - Stage 2 (Silent Hall)

Moderators	Nupur Goel, Sunandini Bose, Lipi Mittal, Rakhi D'Cruz
Judges	Shalini Mohan, Kaushal Pokhrel, Tinku Bali, Ramon Henry Dickson

Every ophthalmologist has a story beyond the slit lamp and operating microscope. BeYOND the Scope is a unique YOSI Socio-Cultural session celebrating the passions, pursuits, challenges, and experiences that shape Young Ophthalmologists beyond their professional lives. Through engaging one-minute video presentations, participants will share inspiring journeys of creativity, resilience, adventure, service, and personal growth that have made them better doctors and better human beings. A distinguished panel of judges will evaluate the entries, and the Top 3 videos will be recognized and awarded at the 3rd Annual International YOSICON 2026. Come, share, inspire, and be inspired!

Tattoo Competition

10/07/26
10:00 AM - 10:55 AM
Hall - Hall 5

Moderators	Nupur Goel, Rakhi D'Cruz, Sunandini Bose, Lipi Mittal, Nandita Trivedi
Judges	Charisse Tanlapco, Nikhil Nasta, Sunita Koirala, Tinku Bali

Unleash your creativity at YOSI INK-SIGHT Tattoo Contest, where art meets anatomy and ink meets insight. This unique platform invites participants to transform the eye into a canvas for storytelling through imaginative, ophthalmology-inspired tattoos. Artists will create their designs live within 40 minutes, showcasing innovation, precision, and artistic expression. Basic colours will be provided, while participants are encouraged to bring additional materials to enhance their creations. Every tattoo will be judged, with outstanding entries earning recognition. In a special celebration of collaboration, both the artist and their subject will be honoured for their contribution to this vibrant artistic experience.

YOSI Film Festival (Red Carpet Event)

11/07/26
04:30 PM - 6:00 PM
Hall - Stage 1 (Silent Hall)

Moderators	Zain Irfan Khatib, Bhavya Gokani
Judges	Lala Mamadova, Annu Joon, Anujeet Paul, Nikunj Tank, Prasanna Venkatesh Ramesh, Ashraful Huq Ridoy, Sureka Ramnarain, Shayne Tan

Step into the ultimate showcase of visual storytelling at the YOSICon Film Festival. This dynamic, one-hour session is dedicated to celebrating the creativity, innovation, and technical brilliance of our community's top video creators. We've sifted through an incredible array of submissions, and now it's time to roll out the red carpet for the absolute best.

Join us as we screen the top-shortlisted videos back-to-back, highlighting the most compelling narratives, sharpest edits, and stunning visuals submitted to YOSICon this year.

What to Expect

The Finalists' Showcase: Sit back and enjoy a highly curated reel featuring the standout video submissions. Expect a diverse mix of styles, subjects, and creative approaches from your peers.

The Ultimate Decision

Be part of the excitement as the final votes are tallied to determine who truly captured the spirit and quality we are looking for.

The Crowning Moment: The hour culminates in a live, high-energy awards presentation, where we will announce the winner and crown the "Best Video" of YOSICon.

Why You Should Attend

Whether you are a creator hunting for your next spark of inspiration, an enthusiast of stellar video production, or simply looking to unwind with some top-tier entertainment, this session is the perfect blend of celebration and competition. Come cheer for your favourites, discover fresh talent, and see who will claim the ultimate cinematic honor.

YOSI International Socio-Cultural

10/07/26
02:00 PM - 03:55 PM
Hall - Hall 5

Moderators	Nupur Goel, Prasanna Venkatesh Ramesh, Rakhi D'Cruz, Sunandini Bose, Lipi Mittal, Nandita Trivedi
Chief Guests	Samar Basak, S Natrajan, Sagun N Doshi, Purushottam Joshi, Tinku Bali

Celebrate the spirit of global unity at the International YOSI Socio Cultural Session, where delegates from across the world come together to showcase the rich diversity of their cultures. Through traditional attire, music, dance, creative performances, and unique cultural expressions, each participating country will present a vibrant two-minute glimpse into its heritage. This special session is a celebration of friendship, inclusivity, and cross-cultural exchange, fostering meaningful connections beyond borders. While our languages, traditions, and customs may differ, our shared passion for ophthalmology and humanity unites us under one vision—creating unforgettable memories and lifelong global friendships.

YOSI International Rising Star and Global Pathfinder Awards

12/07/26
10:00 AM - 10:55 AM
Hall - Hall 5

Moderators	Karan Bhatia, Puneet Jain, Varsha G Belamgi
Guests Of Honour	Deepak Mishra, Arup Chakraborti, Anagha Heroor, Arvind Kumar Morya

YOSI Starlight Awards Ceremony

11/07/26
09:00 AM - 10:55 AM
Hall - Hall 5

Chief Guests	Harshul Tak, Sonal Kalia, Carita Van Rooyen, Vijay Sharma, Satanshu Mathur, Lalit Verma
Coordinators	Nupur Goel, Lipi Mittal, Rakhi D'Cruz, Sunandini Bose, Nandita Trivedi

The YOSI Starlights Awards Ceremony is a special celebration dedicated to honouring and felicitating Young Ophthalmologists who have demonstrated outstanding creativity and excellence through various YOSI contests and activities conducted throughout the year. From art, photography, videography, writing, innovation, and other creative platforms, these awards recognize individuals who have showcased exceptional talent, passion, and dedication beyond the confines of routine clinical practice. The ceremony serves as a tribute to the diverse abilities of Young Ophthalmologists and highlights their inspiring achievements. Join us as we celebrate the stars of YOSI and their remarkable accomplishments.

YUVA Night

Ophthalmic Wars

11/07/26
11:30 AM - 12:55 PM
Hall - Stage 1 (Silent Hall)

Chairpersons	Alkesh Chaudhary, Lalit Verma
Moderators	Anujeet Paul, Nandita Trivedi, Varsha Belamgi
Judges	Aarti Heda, Hatice Betul kaya, Ruth Anastasia Hutasoit, Sudhir Srivastava
Captains	Nupur Goel, Rakhi D'Cruz, Arshi Singh, Sameeksha Agrawal
Organising Teams	Karan Bhatia, Anujeet Paul, Varsha Belamgi, Nishanth Honna, Aparajita Shukla
Team Lead	Nandita Trivedi

Ophthalmic Wars is a flagship cosplay contest that blends ophthalmic knowledge with creativity, performance, and entertainment. Set against the backdrop of popular sitcoms, movies, and television series this year, the participants will compete through a series of academic challenges, rapid-fire rounds, surgical scenarios, and fun interactive tasks while staying in character through cosplay. Teams will be judged not only on clinical acumen, communication, and problem-solving, but also on originality, character portrayal, teamwork, and audience engagement.

Designed to celebrate the lighter side of learning, Ophthalmic Wars will transform ophthalmology into a vibrant stage where education meets imagination, and competition meets camaraderie in true YOSICON spirit.

Retina Surgical Wars (10:00 AM – 11:30 AM (90 Min))

11/07/26
10:00 AM – 11:30 AM
Hall – Stage 1 (Silent Hall)

Battle Commanders	Kartikey Singh, Deepanshu Agrawal, Nikita Gupta
Battle Heroes	Priyanka chanana, Shivna Pandya, Gaurang Sehgal, Giriraj Rajshekhar Vibhute, Kushal Delhiwala, Kavitha Naidu, Babur Tadjibaev, Ganesh pillay, Arthi M, Anubhav Upadhyay, Vaishnavi Rao, Shishir Verghese
War Councils	Paul G Siopongco, Amani Sakinah Augiani, Diva Kant Misra, Awaneesh Upadhyay, Vinod Agarwal, Parth Rana

Welcome to the high-stakes Grand Finale of YOSI Retina Surgical Wars Season 2 at YOSICON 2026! Witness the brightest young vitreoretinal minds face off in a thrilling showcase of surgical precision, rapid complication management, and innovation. Elite finalists take the stage. Brace yourselves for unmatched drama, masterly maneuvers, and ultimate retinal glory!

Talk Time :- 4+2

Quiz

11/07/26
10:00 AM - 11:55 AM
Hall - Hall 7

Quiz Masters	Niranjan Karthik Senthil Kumar, Karthikeyan Mahalingam, Koushik Tripathy
--------------	--

This Ophthalmology quiz is designed to assess core knowledge across anatomy, refraction, and common ocular diseases through rapid, case-based questions. It emphasizes clinical reasoning in areas such as glaucoma, retina, and ophthalmic emergencies. The session promotes interactive learning and academic engagement among participants.

Shark Tank (Finale)

12/07/26
12:00 PM - 12:55 PM
Hall - Stage 4 (Silent Hall)

Judges	Prithvi Chandrakanth, Ajay Aurora, Mohamed Azzam
--------	--

Teachers of Tomorrow Prelims

11/07/26
08:00 AM - 09:55 AM
Hall - Hall 10

Chairperson	Gurprasad A
Panelists	Rakesh Shakya, Deepti Joshi, Hamza Mohamed
Organising Teams	Nilesh Kumar, Ankit Gupta , Sakshi Raj, Avani Hariani
Program Director	Arvind Morya
Team Lead	Sonali Prasad

Teachers of Tomorrow (TOT) is a distinctive academic event that celebrates innovation in ophthalmic education. Designed to foster teaching excellence, the session will bring together mentors and mentees to present allotted topics in an engaging, interactive, and impactful manner. Teams will be evaluated on originality of teaching methods, clarity of concepts, communication and presentation skills, audience engagement, and teamwork. TOT aims to inspire the next generation of ophthalmic educators by highlighting the art of effective teaching and meaningful mentorship. More than a competition, it is a platform to learn, teach, and innovate—shaping future teachers while redefining how ophthalmology is taught and shared.

YOSI Squid Games

11/07/26
09:00 AM - 10:30 AM
Hall - Hall 7

Moderators	Ritu Singh, Nandita Trivedi, Abhijaat Chaturvedi
Panelists	Charu Sagar, Apoorva Goel

Rather than survival, the competition focuses on fun, skill, and friendly rivalry. The four teams begin on equal footing and face **four unique rounds**, each increasing in difficulty and excitement. Every challenge rewards communication, quick thinking, and precision while keeping the atmosphere entertaining for participants and spectators alike. The event is designed to capture the suspense and excitement of *Squid Games*, where none is spared and chaos is its middle name.

Tournament Structure

Round 1 – RAPID FIRE

All four teams compete in the classic challenge according to their Subspecialty

Round 2 – MICROSURGERY MAYHEM

The remaining three teams carefully complete a precision-based task. Accuracy and patience determine who advances.

Round 3 – DIAGNOSIS DUNGEON

Exceptional round of clues leading to clinical diagnosis.

Round 4 – GRAND OPHTHALMIC DRAMA

The final teams face off in a climatic challenge that combines elements of speed, strategy, and coordination.

The winning team is crowned the **YOSI Squid Games Champion** and receives the event's grand prize in the consequent YOSICON Award Ceremony

SAFE STAGE – The Heart of YOSI

Safe Stage is one of the most cherished flagship initiatives of YOSI and embodies the true essence of the organization. Designed primarily for first-time presenters, this unique platform provides a supportive, non-intimidating environment where young ophthalmologists can confidently take their first steps onto an international stage. Participants are encouraged to present without fear of judgment, while receiving constructive feedback from experienced faculty to refine their communication, presentation, and scientific skills. More than just a presentation session, Safe Stage is a celebration of growth, mentorship, encouragement, and learning—transforming nervous beginners into confident future speakers and leaders in ophthalmology.

Meet The Mentor- One-on-One Career Counselling Session

Hall - Hall 13

Lead	Sunandini Bose
Members	Abhijaat Chaturvedi, Arnav Singh Saroya, Arshi Singh, Asmita Patne, Gunjan Budhiraja, Praneesh Ravi, Shivam Gupta

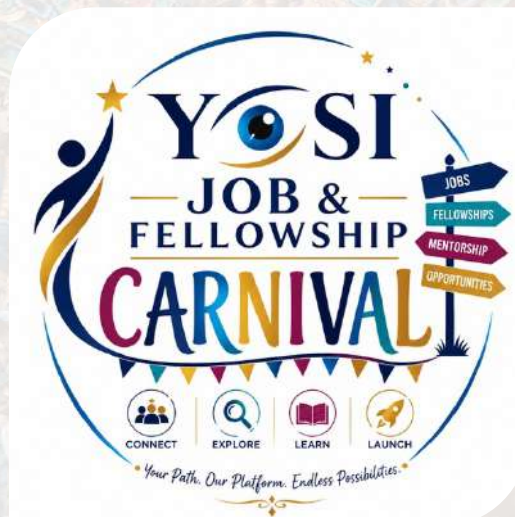

Navigating a career in ophthalmology can be both exciting and challenging, with multiple pathways including fellowships, academics, private practice, research, subspecialisation, and international opportunities. This exclusive one-on-one career counselling session is designed to provide young ophthalmologists with personalised guidance tailored to their individual goals and aspirations.

Participants will have the unique opportunity to interact directly with experienced mentors, gain clarity on career choices, and receive practical insights to help them make informed decisions. The session aims to bridge the gap between uncertainty and direction, empowering delegates to confidently shape their professional journey.

With limited slots and focused interactions, this initiative ensures meaningful mentorship and actionable guidance for every participant.

Slot with Mentor

Mentor	Date	Time
Shruti Nishanth	10 th July	11 AM-12 PM
Diva Kant Misra	10 th July	12 PM-1 PM
Tushar Grover	10 th July	2 PM-3 PM
